

TSL Announces Distribution Agreement with Sektor to Serve Australia and New Zealand

Collaboration expands availability of TSL's popular Bluetooth-enabled RFID Readers for mobile data collection

LEICESTERSHIRE, ENGLAND, February 3, 2015

/EINPresswire.com/ -- Today, [Technology Solutions \(UK\)](#)

[Ltd](#) (TSL), a developer of best-in-class RFID readers and

mobile data capture solutions, announced a collaboration with distributor [Sektor](#) to distribute TSL's radio frequency identification (RFID) reader product line in Australia and New Zealand.

Resellers who rely on Sektor for technology expertise now have the ability to improve their competitive solution offerings with industry-leading TSL products, including the high-performance [1128 Bluetooth® UHF RFID Reader](#) and the 1153 Bluetooth® Wearable UHF RFID Reader.

With this agreement, TSL further establishes itself in the Asia Pacific region where the company already holds certifications in compliance with regulatory bodies in Australia, China, Hong Kong, Malaysia, Singapore, South Korea and Taiwan.

"We are pleased to partner with Sektor, known for seamless provision of technology solutions via expert advice, service and support," said Dr. David Evans, Managing Director of TSL. "This partnership supports the growing demand for TSL RFID readers based on our unique ASCII 2 protocol throughout Australia, New Zealand and the entire Asia Pacific region."

"Sektor has redefined the role of technology provider, offering innovative solutions for Retail Technology, Data Capture and Mobility applications," said Cameron Arnold, General Manager of Sektor Australia. "Our collaboration with TSL provides an ideal opportunity to further enhance an industry-leading portfolio of RFID products to meet our customers' exacting requirements."

Customers in Australia and New Zealand can contact their local Sektor office to arrange a demonstration of TSL's wireless-compatible RFID readers for outstanding plug-and-play data capture solutions. TSL readers work with a variety of Bluetooth-enabled host devices, such as enterprise handhelds, mobile phones, touchscreen MP3 players, tablets and PCs running iOS, Android™ and Windows (Mobile, WinCE, Desktop and Phone) operating systems.

About the Sektor Group

Sektor is Australasia's leading retail technology, networking and mobility provider. Selling exclusively via its integrator and reseller channel, Sektor's on-going research into emerging trends and technologies ensures its partners are ideally placed to bring the latest innovations and solutions to their customers. With offices in Sydney, Melbourne, Brisbane, Perth, Adelaide, Auckland and Christchurch, Sektor is focused on bringing fast, knowledgeable and efficient services to its reseller partners in support of the international vendors it represents.

About Technology Solutions UK Ltd

Technology Solutions UK Ltd (TSL) specializes in the design, development and manufacture of radio frequency identification (RFID) readers and other multi-technology, mobile device peripherals used to identify and track products, assets, data or personnel. TSL works with a worldwide network of distributors and system integrators to offer complete, innovative mobile data capture solutions for a variety of applications such as supply chain management, stock inventory control, ticketing, data management and biometric scanning.

For two decades, TSL has delivered innovative, Bluetooth-compatible RFID products and mobile technology solutions to Fortune 500 companies around the world. Visit www.tsl.uk.com to learn more.
