The developer proudly announces that Haypi Kingdom: The Return of the King 1.0.6 will be available soon

SHANGHAI, SHANGHAI, CHINA, February 4, 2015 /EINPresswire.com/ -- Haypi Kingdom: [The Return of the King](#) is getting better and better under the loving care of the well-established developer [Haypi Co., Ltd.](#) The developer proudly announces that Haypi Kingdom: The Return of the King 1.0.6 will be available soon, once the App Store approves of the new patch. The new version has already been submitted, and is currently pending review.

In the new 1.0.6 version of Haypi Kingdom: The Return of the King, players can create the armies of their dreams. New Technologies will now allow players to increase the Attribute Add-ons of troops like Archers, Knights and Hoplites. These Troop relevant technologies will be available in the Alliance Tech. Now players can made their favorite types of troops more powerful than ever. All enemies should beware_

Next piece of great news for the [fans](#)! Haypi Kingdom:

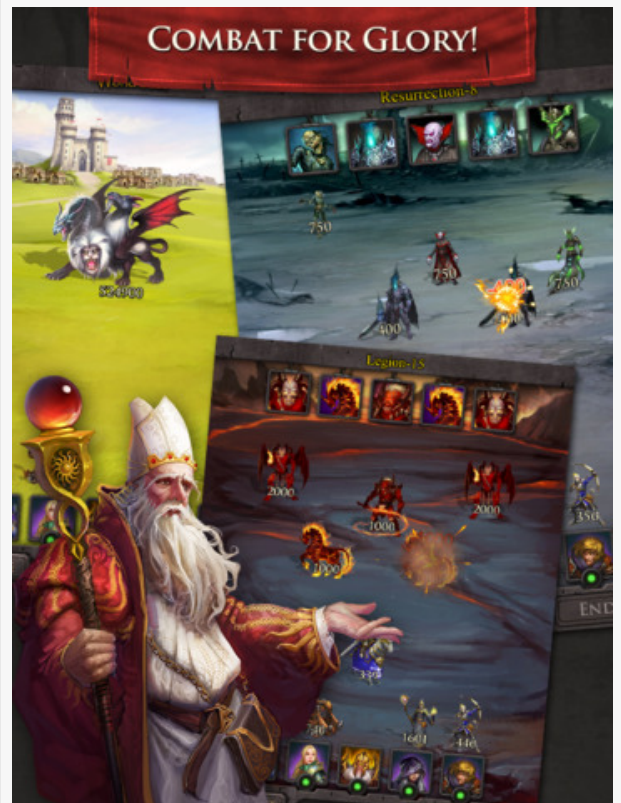

The Return of the King 1.0.6 will make Equipment Upgrades easier and more fun. First of all, when a piece of equipment can be upgraded, the system will give an indicator. With the adding of this new indicator, the players can easily choose among the upgrading options. And it will also assist players in acquiring the necessary materials. Tapping on any missing materials will show "WhereToGet" info (Forge > Upgrade > tap on a material > WhereToGet). This optimization will make the option more user-friendly. The Lords will now easily prepare the shining armors for their Heroes!

Another noticeable improvement in the new version is the reminding Indicator for the Hospital. Now when the hospital finishes curing, the system will remind the player with an exclamation mark appearing on the top of the building. In Version 1.0.6 there will also be more help and support for the Newbies. Most importantly, an exclusive \$ 0.99 gold package will be added. The new Beginner Pack will be added to the AppStore in-app purchase list. On the other hand, VIP level cap will be raised to Lv.12, to indulge the more experienced, high-level players. Some extra optimizations have been made to increase the fun from the game. For example, the Scarce Resource buildings could be removed in the new version. This adjustment will make it possible for players to rearrange the scarce resources as players develop and progress. There will also be changes in certain contents of the Level Rush Reward, and a Special Bonus will be added. Another big change concerns the combatant waiting mechanism. Among all attack queues, the one with biggest amount of troops will have the chance to attack first. In addition, there will be a new "Invite" feature added to the game, allowing players to

invite friends to join forces via popular social networks or platforms. Of course, extra general optimizations give the final touch, and make the game even smoother.

The Return of the King 1.0.6 will be available for download soon. The new improvements will make the war strategy MMO even better. The mobile developer Haypi releases updates quite often, and always adds amusing content. The teams are working incessantly to satisfy the demands of the players. The love of the fans is Haypi's muse.
