Top Brand Companies Adopt Global Vision's Proofware Web-Based Packaging Apps

Join Global Vision February 26th as it hosts the webinar Proofware: Driving Packaging Quality for Brand Companies Through Web-Based Inspection Solutions

MONTREAL, CANADA, February 5, 2015 /EINPresswire.com/ -- Global Vision, the world leader in the development of innovative proofreading technologies, today announced a new webinar series for brand packaging professionals focusing on Proofware, the world's first web-based integrated packaging inspection suite designed for complete content verification.

This series of Proofware webinars feature practical approaches to applying web-based proofreading technologies within regulated and non-regulated industries. The Proofware webinar series launches February 26, 2015 with Proofware: Driving Packaging Quality for Brand Companies through Web-Based Inspection Solutions, giving attendees insight into how to drive innovation through the integration of web-based inspection solutions. The webinar will also give attendees a sneak peek at the latest release of Proofware.

"Since we released Proofware a year ago, we have seen brand companies of all sizes adopt this incredible inspection tool, in many instances enterprise wide as well as global deployments," explained Reuben Malz, President of Global Vision. "With this webinar we will demonstrate the business case for the importance of deploying web-based inspection tools for all brand packaging companies."

Choose the webinar time that best fits your schedule:
February 26, 2015: 9:00am or 2:00pm
To register please visit: http://www.globalvisioninc.com/news/webinar_proofware15.php

Proofware Apps
DocuProof – Text inspection
ArtProof – Artwork inspection

SpellProof – Multi-language spell check
BrailleProof – Braille translation
BarProof – Barcode verification
Notes – Annotation

Proofware benefits
- Enterprise-wide access to packaging QC tools
- Report management tools to organize inspection reports
- Run multiple inspections with the same set of files
- Browser compatible with Mac and PC
- 100% web-based with no software required
- Deployment - on-premise server or private cloud server
- Integrates easily with Artwork Management Systems (AMS), Document Management Systems (DMS) and Product Lifecycle Management (PLM) solutions

About Global Vision
Global Vision is the world leader in the design and delivery of Innovative Proofreading Technologies.
Our solutions are widely interoperable and have been integrated into the packaging workflows of leading consumer packaged goods companies, printing firms and over 72% of the major pharmaceutical industry worldwide.

Global Vision's complete suite of advanced solutions featuring text-based, pixel-based and Braille inspection technologies, are designed to eliminate printed artwork and copy related errors, providing end-to-end security at every stage of the packaging workflow. All our proofreading solutions meet FDA 21 CFR Part 11 / EMA Annex 11 requirements.

Headquartered in Montreal, Canada, Global Vision has worldwide representation. For more information, please visit www.GlobalVisionInc.com
