

# Forever Motion Collection

*Awaken her emotions with Diamond Veneer "Forever Motion" Collection*

LOS ANGELES, CA, UNITED STATES, February 9, 2015  
/EINPresswire.com/ -- Diamond Veneer Jewelry: [Why Buy Diamonds?](#)

LOS ANGELES, CA - Introducing the ["Forever Motion" Diamond Veneer](#) Collection. [Hand Crafted in the USA](#), this Perpetual Motion Jewelry never stops moving. The Glittering effect equals the sparkle of Real Diamonds at an affordable price.

Diamond Veneer is a wholly owned subsidiary of Zirconmania, Inc. The sole source of the Diamond Veneer Brand Jewelry Worldwide.

This revolutionary process of treating Cubic zirconia with a film of Carbon Diamond particles results in a flawless "G" color on the diamond color scale.

As its namesake states; the veneer of carbon diamond crystallizes around the entire gem, visually creates a "G" color Diamond in the Diamond color scale. This vaporization process under extreme heat and pressure conditions

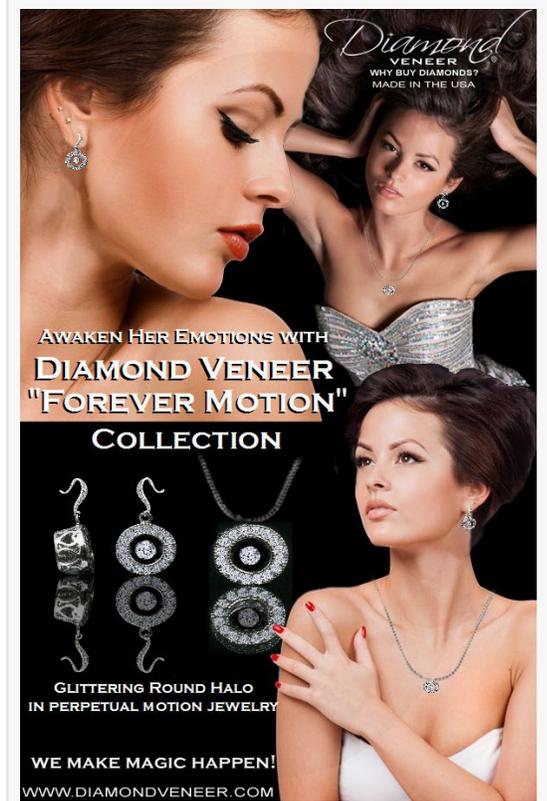

significantly increases (5-times) the fire, refraction and durability of the CZ at a fraction of the cost. Diamond Veneer will revolutionize the way we look at CZ's and will certainly render them obsolete.

Diamond Veneer: Is soon to become the iconic term used to define this new, innovative process in this jewelry niche! As "Kleenex" is for napkins, and "Frigidaire" is for refrigerators, so too Diamond Veneer will be for Cubic Zirconia.

How do you spell Diamonds at a Cubic zirconia price? Diamond Veneer.  
How do you spell luxury at an affordable price? Diamond Veneer.  
It's our dirty little secret!

If it looks like a Diamond, Sparkling like a Diamond, it must be Diamond Veneer.
