

O2 Secure Wireless Inc. announces the completion and pending launch of its Multi-Million dollar OTOW Network

O2 Secure Wireless finalizes its negotiations with ZTE, Alcatel-Lucent and Ericsson for the launch of the OTOW Network bringing in millions to the company

ST. AUGUSTINE, FLORIDA, USA , February 11, 2015 /EINPresswire.com/ -- O2 Secure Wireless, Inc. (OTC PINK: OTOW), a developer of domestic and international hi-speed wireless Internet facilities, Mobile Internet solutions and the OTOW Network, announced today that it is on track to achieve sustained profitability and positive estimated cash flow. The launch of its first Latin American & Caribbean (LAC) market forecasts to exceed 100 million dollars in the near-term as it concludes its negotiations and has received acceptable final quotes from ZTE, [Alcatel-Lucent](#) and [Ericsson](#) to offer mobile entertainment content to developing markets.

[ZTE Corporation](#) (OTCPK:ZTCOY) (<http://www.zte.com.cn/en>) is a globally leading provider of telecommunications equipment and network solutions. It has operations in 160 countries; the company is a leader in technology innovation, delivering superior products and business solutions to clients all over the world. ZTE is listed on both the Hong Kong and Shenzhen Stock Exchanges and is China's largest listed telecoms equipment company.

Alcatel-Lucent (NYSE: ALU) (<http://www.alcatel-lucent.com>) is a French global telecommunications equipment company, headquartered in Boulogne-Billancourt, France. The company focuses on fixed, mobile, and converged networking hardware, IP technologies, software, and services. Alcatel-Lucent has operations in more than 130 countries. Alcatel-Lucent has been named Industry Group Leader for Technology Hardware & Equipment sector in the 2014 Dow Jones Sustainability Indices review and listed in the 2014 Thomson Reuters Top 100 Global Innovators for the 4th year in a row.

Ericsson (NASDAQ: ERIC) (<http://www.ericsson.com>) is a Swedish multinational provider of communications technology and services. The company's offerings comprise services, software and infrastructure in information and communications technology for telecom operators and other industries, including traditional telecommunications as well as Internet Protocol (IP) networking equipment, mobile and fixed broadband, operations and business support solutions, cable TV, IPTV, video systems, and an extensive services operation. Ericsson has a market share of 35% (in 2012) in the 2G/3G/4G mobile network infrastructure market. Ericsson is a public company trading on the NASDAQ.

"We are pleased to announce that the company has received acceptable quotes for the Company's first network area in LAC. The quotes are from ZTE, Alcatel-Lucent and Ericsson. We could not ask for more qualified and successful companies to partner with. O2 Secure Wireless will decide which partner(s) will best fit the company for deployment of its LTE Network. We will inform our shareholders of our decision in the coming weeks O2's ongoing strategy of integrating OTOW domestic and international hi-speed wireless Internet facilities, Mobil Pay and Mobile Internet solutions are currently being reviewed as well," says Val Kazia, CEO of O2 Secure Wireless Inc.
