

# L+B DESIGN GROUP | EDGE to present free webinar on success factors in delivering Bahrain National Stadium

DUBAI, UNITED ARAB EMIRATES, February 18, 2015 /EINPresswire.com/ -- Design-build is seen as one solution to reducing delivery time of stadia as well as to ensure delivery in the best possible way. However, placing all the power in the hands of the contractor can pose some challenges - especially when the worlds of designers and contractors combine.

So, what does it take to successfully deliver stadia under the design-build model?

Ivar Krasinski, Design Director at L+B DESIGN GROUP | EDGE, will be presenting a free [webinar](#) on “Maintaining your architectural identity under the design build model - Bahrain National Stadium in focus”, to provide insight into L+B and Cebarco’s design-build collaboration to fast-track Bahrain’s National Stadium in time for the Gulf Cup held in Bahrain. This webinar is free and will take place on Thursday, 26 February 2015 at 1pm (GMT +3).

Mr. Krasinski will discuss:

- Developing a successful partnership between architect and contractor
- Design - build: Does this mean reducing unique design elements?
- Case study: Bahrain National Stadium - from design to delivery

This webinar has been developed together with the World Stadium Congress.

Register now to attend the webinar and gain first hand insight into the design-build process undertaken for the Bahrain National Stadium. <http://webinar.worldstadiumcongress.com/wsc/>
