

# Reliance Community Church Launches An All New Website

*Easy To Navigate and Designed With Consumer Conscious, Reliance Community Church has launched its new website.*

UPLAND, CALIFORNIA, US, March 2, 2015

/EINPresswire.com/ -- The dramatically redesigned site, created by its in-house communication team, not only has a fresh look, it's also more functional and embodies the church's forward-thinking, vision and commitment to the growing needs of its users.

"This site has a fresh feel and looks great on a mobile phone, which I think appeals more to a wider audience," says Reliance Community's pastor, Joel Pagett. "This is about building a relationship with a younger audience, by making the site more interactive and at the same time giving our longtime users what they have come to expect."

The lead pastor, who grew up in Canada, is humbled at the opportunity to serve this city and the people of Reliance Community Church. "I am just amazed at the opportunity to be a part of something as effectual as this happening in the city I love and know so well."

"There is an unlikely family forming at Reliance Community Church, a community of people with diverse stories and backgrounds that are being drawn together for a greater purpose. God is writing a story here in Upland, California that only he could write, bringing together a church that has at its core a love for God and a love for people."
