

Multisoft Worldwide Releases PfMP Training Program

Multisoft Worldwide has recently released Portfolio Management Professional (PfMP) certification training for experienced Portfolio Managers.

NOIDA, DELHI NCR, U.P, INDIA, March 5, 2015 /EINPresswire.com/ -- Multisoft Worldwide, a reputed management training institute, has recently released Portfolio Management Professional (PfMP) certification training for experienced Portfolio Managers. This credential is different from project and program management credentials as these professionals possess the skills of 'executing the work right', while portfolio professionals ensure that the 'organization is working right'.

Portfolio Management is one of the highest levels of project management credential offered by PMI. Portfolio Management acts as a powerful tool to ensure that the organization's investment strategy is effective and can deliver good results. Ashish Bakshi, Director, Multisoft Worldwide explains, "Market conditions are changing everyday, but the capital is constant. So it's very important to create portfolios as per company's strategic growth as a good portfolio management can add value to the organization. Portfolio Managers are the right person to do so. Our [PfMP training](#) develops proficiency in efficiently handling portfolio processes". He adds, "We know the importance of certified Portfolio Managers as it is important for organizations to do the right things in the first place. Portfolio Management focuses on doing the things in the right way". To receive a [PfMP Certification](#) a person must possess around 7-8 years of portfolio management experience. The PfMP training program emphasizes on taking investment decisions that influence the working procedure of an organization.

Multisoft Worldwide offers online, instructor-led and blended learning solutions (online and classroom training) for the financial services and management industry. The candidates will earn 16 PDUs after attending PfMP boot camp certification with Multisoft Worldwide.
