

# InfoSecure PCI DSS Policies and Procedures Simplify PCI Compliance

*InfoSecure Provides Immediate Access to Affordable and Effective PCI Policies and Procedures Saving Merchants Time and Money.*

SEATTLE, WA, USA, March 28, 2015 /EINPresswire.com/ -- Any

organization that accepts credit cards (in any form) must comply with stringent security requirements established by Visa, MasterCard, American Express, Discover, and JCB. These requirements, administered by the Payment Card Industry Security Standards Council (PCI SSC), define over 400 security controls known as the PCI Data Security Standard (PCI DSS). For most organizations, complying with these requirements is an arduous task, especially in the first year of compliance. In fact, many of the requirements require very specific written [policies](#) and procedures that most organizations aren't capable of creating.

Now, thanks to [InfoSecure](#), written PCI DSS Policies and Procedures are easily obtained by organizations of all sizes. Merchants and Service Providers are using InfoSecure's PCI DSS Policy ToolKit to achieve rapid compliance with PCI DSS requirements. InfoSecure's ToolKit package includes a comprehensive set of PCI DSS policy templates delivered in standard Microsoft Office document format and easily customized for rapid implementation.

Currently, the Policy ToolKit is available for immediate download for only \$375. InfoSecure's PCI DSS Policy ToolKit includes the following

- \* PCI DSS policies and procedures that cover all 400+ PCI DSS v3.0 control objectives
- \* End-user information security policy
- \* Risk assessment methodology based on ISO 27000 standards
- \* Business continuity and disaster recovery template
- \* Credit Card Security Incident Response Plan
- \* System hardening standards and guidelines
- \* PCI Operational Procedures for IT and Information Security
- \* Software developer [training](#) program
- \* Access to InfoSecure's online Learning Management System for one user
- \* 60 days of unlimited email support from a PCI QSA
- \* Money back guarantee

Free updates for all subsequent versions of PCI DSS

All clients receive lifetime free updates. This is important considering that the next version of PCI DSS, version 3.1, will soon be released. Upon release, all InfoSecure customers receive an download link providing full access to the latest PCI Policy Toolkit at no additional charge.
