

# Corporater EPM Suite Is Now Certified to Run on SAP HANA®

*EPM Suite will now leverage the computing power of the SAP HANA with the Corporater performance management platform to offer flexibility, efficiency and scale.*

STAVANGER, NORWAY , March 31, 2015 /EINPresswire.com/ -- STAVANGER, Norway — March 31, 2015 — Corporater AS today announced that its [performance management solution](#) Corporater EPM 4.0.6.6 has achieved SAP certification as powered by the SAP HANA® platform. The solution has been certified to run on SAP HANA and can leverage its unique capabilities.

Corporater EPM Suite will now leverage the computing power of the SAP HANA platform to present performance management data in real time and become more customer friendly, since users do not need to move data out of the SAP® software environment.

Corporater EPM Suite powered by SAP HANA adds new integration possibilities for SAP customers through eliminating data duplication by directly querying SAP HANA for all data and results without the need to load data into Corporater EPMSuite.

“We are delighted to announce the successful achievement of Corporater EPM certified as powered by SAP HANA. The ability of the Corporater EPM suite to leverage the power of SAP HANA will prove highly beneficial to our current and future customers,” said Tor Inge Vasshus, CEO, Corporater AS.

The SAP Integration and Certification Center (SAP ICC) has certified that Corporater EPM 4.0.6.6 is powered by SAP HANA, thereby increasing the speed of data processing for reporting, analytics and computational tasks of the [performance management software](#). Below is a high-level schematic of Corporater EPM powered by SAP HANA.
