

TradeTec Skyline, Trade Show Exhibit Studio in Chicago Celebrates Company's 35 Years

TradeTec Skyline Chicago® is Celebrating Skyline's 35 Years in the Trade Show Industry!

LOMBARD, IL, USA, March 31, 2015 /EINPresswire.com/ -- Skyline Exhibits will be celebrating 35 years of helping the world trade. Since 1980, Skyline has steadily built a reputation for innovative, quality-constructed custom trade show exhibits, earning the company many design and innovation awards. TradeTec Skyline is one of the company's 130 global Skyline dealers.

"Everyone at TradeTec is very excited for this milestone anniversary. We owe our success to the amazing and innovative designs and exhibiting solutions that Skyline has developed over the past three decades and we plan to celebrate that success during our open house this spring," said [Ken Buckman](#), CEO, TradeTec Skyline (www.ttchicago.com).

Skyline has become a clear leader in the trade show industry, often paving the way for advances in exhibit design using new technologies. The company holds more than 100 different display patents, which have all been developed over the past 35 years. One of the latest and most innovative of TradeTec Skyline's custom trade show exhibits in Chicago is WindScape, which came out in 2012. The WindScape line alone consists of over 47 different shapes and components to make up a collection of air-powered display solutions that are light, easy to use, and set-up in minutes.

WindScape won the Buyers Choice Award at the 2014 EXHIBITOR Show and is just one in a long line of award-winning products to come out of Skyline. Other notable awards include EXHIBITOR Show Product Design awards, the Outstanding Corporate Innovator Award, and the EDPA EDDIE Award which recognizes how well an exhibit builder and industry supplier promote their company to exhibitors and others in the industry.

"Everyone at TradeTec Skyline is proud to work for the Skyline brand. We all really enjoy helping businesses discover and refine their brand and build relationships through the face-to-face interaction that occurs at tradeshow events. To see a display come together and then hear about the client's experience at the event is always the most gratifying part of the job," explained Buckman.

It is their passion for helping people strengthen their business relationships and brands that has helped Skyline prosper year after year. TradeTec Skyline is an exclusive carrier of all Skyline solutions, designing a variety of trade show and exhibiting solutions, including rental and [portable displays in Chicago](#). Skyline's innovative and modular solutions can be designed to fit any budget or space requirements. To learn more about TradeTec Skyline visit www.ttchicago.com.
