

# Revert Successfully Retains OHSAS 18001:2007 Certification

*Revert today announced that the company has been recommended for continued OHSAS 18001:2007 registration.*

BOULDER, CO, USA, April 1, 2015 /EINPresswire.com/ -- Revert, Inc., a global leader in delivering on-site data sanitization and enterprise IT [asset disposition](#) services to customers worldwide, today announced that the company has been recommended for continued registration for the international certification of its Occupational Health and Safety Management System (OHSMS). A rigorous external surveillance audit was conducted by Platinum Registration, which confirmed that Revert continues to meet all elements of the scope of registration and effectively conform to the requirements set forth in the OHSAS 18001:2007 International Standard.

"We recognize that the health, safety, and well-being of our employees, partners, and customers are paramount to our success, our customer satisfaction, and the welfare of the communities in which we operate," said Glenn Jacobsen, Chief Operating Officer of Revert. "Our continued certification demonstrates Revert's commitment to the highest standards of occupational health and safety."

## About Revert

Revert, Inc. is a global leader in delivering on-site services that focus on the two primary risks associated with enterprise IT asset disposition: data sanitization and electronic waste management. Revert delivers services to thousands of customers worldwide. Revert's customers include members of the top 20 financial services and healthcare companies in the Fortune 500. Revert is a privately-held company headquartered in Boulder, Colorado, with wholly-owned subsidiaries in Toronto, London, and Hong Kong.
