"The new website is extremely user-friendly. We wanted to make it easy for shoppers to hop online, find what they are looking for and checkout. "We want to be the number one source for medical scrubs and we've developed several ways to get our products out there. Scrubs are worn every day for long periods of time. They need to be comfortable and it's hard to gauge that when shopping online. We're working around that issue by offering to bring our products to hospitals or the workplace or even just a gathering of friends. We call them Hospital Shows, Office Showings, or Host a Party and this is where we bring the products to the consumer so they can touch, feel, and even try on the scrubs before they buy them," said Perez.

The ScrubsHub has a retail location at 3141 W Jefferson Street in Joliet, IL where it is open 7 days a week. Additional locations may open soon as franchise opportunities are available. To learn more about The ScrubsHub, browse nursing scrubs online, or make a purchase visit www.thescrubshub.com.
