

The Feeling Inspired App, Make Your Photos Transcendent

NASHVILLE, TENNESSEE , UNITED STATES, April 7, 2015

[/EINPresswire.com/](http://EINPresswire.com/) -- An important part of the time which we spend with our friends and family is taking pictures. Photos mark the most important moments of our lives and serve to immortalize them. This is always the case whether it be weddings, graduations or holidays. We often use our devices to take these shots and what is social media if not the perfect venue for all of these photos. For all of the time we spend taking photos, it makes sense of us to also take advantage of the opportunity to make these pictures shine by using a high-quality artistic app. Talented Venezuelan artist Valentina Harper is leading the creation of the brand new Valentina Design app called Feeling Inspired. This app is a creative way to enhance your own personal snaps.

The upcoming [Feeling Inspired App](#), which will be made available for the iPhone, offers both colorful creations and original designs in order to instantly update photos. This fills pictures with vibrant and fantastic creations which embellish them with their professional designs. The Feeling Inspired App truly allows you to convert photos of your family and friends into works of art. The app can either pull photos from your camera or select images from your pictures libraries. The selected photo

can then be given an original touch based off the preferences of the user. Photos are improved through the Feeling Inspired scrapbook environment. This environment includes amazing hand-drawn designs, stickers, a broad selection of frames, beautiful doodles and cool fonts. These patterns are all surrounded by a bright and positive theme. All of this works in conjunction with a series of filters and typography to further increase customization. When the photos are completed users can

then choose to either save their images or share them through their desired social network. This includes either Instagram, Twitter or Facebook. These photos are sure to make an impact and get a positive response.

Valentina Harper has been a graphic designer for over 15 years. After gathering all of this experience Valentina has now decided to pursue her passion and move towards the creation of arts and crafts. Valentina has enjoyed countless hours playing with her paints and Rapidograph pens. Valentina's work is known for her signature drawing style which features very intricate and detailed art. These drawings offer a fantastical and dreamlike appearance. The end result has been described as both uplifting and inspirational. Valentina's favorite medium is using both pen and ink. Black ink is a consistent feature in all of her original drawings, paintings and prints. However Valentina is also quite proficient in the use of both digital drawings and mixed media. The Valentina Design website features an online store section full of [fascinating prints and collections](#). Other valuable members of the Valentina Design team include graphic designer Erick Zabaco and communications expert Clementina Ramos. Together the Valentina Design team hopes to use their Feeling Inspired artwork to inspire others to follow Valentina's lead and pursue their own dreams.

Feeling Inspired allows all of us to have a collection of our own unique and personalized family photos. These are then free for us to share with those we care about the most. In order to support the launch of this iPhone app there is a [Kickstarter crowdfunding campaign](#) taking place now. The campaign is set to conclude on May 2nd. There are many rewards available to potential funders for this campaign. Those who make a donation of 15 dollars will receive an 8 x 10 print of the inspirational illustrations created for this project, a link to download a digital print and a special Feeling Inspired To-Do List PDF. A crowdfunding donation of 85 dollars comes with The Feeling Inspired App itself, a 16 x 12 canvas print, one digital print and 8 x 10 print of the inspirational illustrations, a special Feeling Inspired wallpaper app and a special Feeling Inspired To-Do List PDF. Further a funding of 300 dollars will receive most of the previously listed rewards plus an exclusive original 8 x 8 painting made by Valentina herself and a tremendous goodie bag. Donors are expected to receive the app upon its intended launch date in August.

About:

Talented Venezuelan artist and experienced graphic designer Valentina Harper (www.valentinadesign.com) is the driving force behind a brand new iPhone app called Feeling Inspired. This app is a tremendous way to enhance photos of friends and family and share them through social media.
