

Nano Terra Receives Boeing Performance Excellence Award

Nano Terra Recognized as Silver Performer in 2014 Boeing Awards

CAMBRIDGE, MASS., USA, April 23, 2015 /EINPresswire.com/ -- Nano Terra, Inc., an innovation and product development company, is proud to announce it has received a 2014 Boeing Performance Excellence Award. The Boeing Company issues the award annually to recognize suppliers who have achieved superior performance.

With over 21,000 global suppliers, Boeing recognized only 429 of those companies with its Silver level of recognition. Nano Terra maintained a Silver composite performance rating for each month of the 12-month performance period, from Oct. 1, 2013, to Sept. 30, 2014, to achieve the award

"We are proud to be recognized by Boeing for our efforts to develop innovative technologies that have the potential to impact several aircraft systems. This award demonstrates our dedication to building successful commercial partnerships, with the goal of creating new technologies and implementing them into innovative new products," said Brian Mayers, Nano Terra's Managing Director.

Nano Terra has worked with Boeing over the past 6 years on a range of technology development programs.

About Nano Terra

Nano Terra is an innovation and product development company that helps its partners to develop and commercialize transformational products using its expertise in advanced materials, surface science, and printing and patterning. Nano Terra has partnered with more than 30 Fortune 1000-sized customers in a wide range of industries, including aerospace, consumer goods, automotive, oil and gas, health care, agriculture, water, materials, and electronics. Its partners include industry leaders like Boeing, 3M, Honeywell, Merck, Infineum, Ahlstrom and Pentair. Nano Terra's offices and labs are located in Cambridge, MA.
