

Global Vision to Spotlight Proofware at INFO*FLEX 2015

Join us at Booth 438 for an exciting demonstration of Proofware the world's first true web-based packaging inspection suite

MONTREAL, QUEBEC, CANADA, May 4, 2015 /EINPresswire.com/ -- [Global Vision](#), the industry leader in the development of innovative [proofreading](#) technologies, today announced that it will showcase [Proofware](#) at the INFO*FLEX, Booth #438 at the Music City Center, in Nashville Tennessee, May 04 and May 05.

Proofware is the world's first true all-in-one we-based packaging inspection suite, giving enterprise-wide instant access to everyone involved in the security of their brand copy and artwork. Proofware offers a variety of cloud-based applications to seamlessly verify digital files throughout the workflow process, catching any undetected errors before it's too late.

Available Proofware Apps
DocuProof – Text inspection
ArtProof – Artwork inspection
SpellProof – Multi-language spell check
BrailleProof – Braille translation
BarProof – Barcode verification
Notes – Annotation

Proofware further allows the sharing, storage and management of inspection reports throughout the enterprise with built-in report management tools including e-signature, annotation, call-outs, stamps, measurement, and color inspection.

“Proofware exemplifies Global Vision’s goals to provide our customers with innovative technologies to secure their brand packaging end-to-end,” explained Reuben Malz, President of Global Vision. “We are delighted to demonstrate this industry leading Quality Control (QC) suite at the INFO*FLEX show.”
