

BusinessVibes Launches Leading B2B App for Trade Professionals for Android

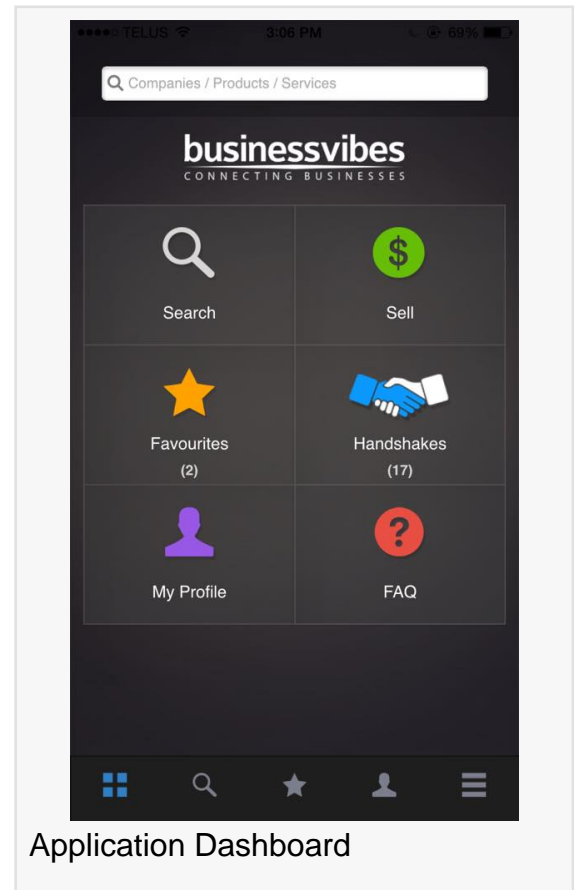

BusinessVibes, the social network for businesses has now expanded to mobile. Their mobile application is now available for download on Android devices.

TORONTO, ONTARIO, CANADA, May 5, 2015

/EINPresswire.com/ -- BusinessVibes, one of the leading social network websites for business, has officially launched their mobile application for Android. [This b2b marketplace Android](#) application is ideal for business professionals, providing a database of 55+ million companies which users can instant message directly on the go.

After a long year of research and testing, BusinessVibes has developed a product fully loaded with features, enabling industrialists and businesses to earn larger and faster profits.

“The BusinessVibes app will revolutionize the way business is done on mobile, thanks to our advanced matchmaking search algorithm that is sure to make this app the most efficient b2b marketplace to date,” their product manager stated. “The smart and easy to use interface encourages global selling and networking, turning your calling device into a complete money making machine.”

Key Features of BusinessVibes

- Easily connect, chat and network with 55+ million companies across 100+ diverse industries
- Customized company profile allowing other businesses to easily find you
- Unique handshake feature connects with suppliers and buyers for b2b sales and trades
- Built in app messenger to chat instantly with possible business leads
- Save you favourite companies and store them all in one place
- Sell your products and services quicker by creating a customized online store
- Stay linked with business partners on the move.

The BusinessVibes b2b app is a one stop solution for all business to business needs and queries. You can download the BusinessVibes app now for free in the [Google Play Store](#). The iOS version will be released shortly but you can [join our mailing list](#) to be notified on the day of its launch.

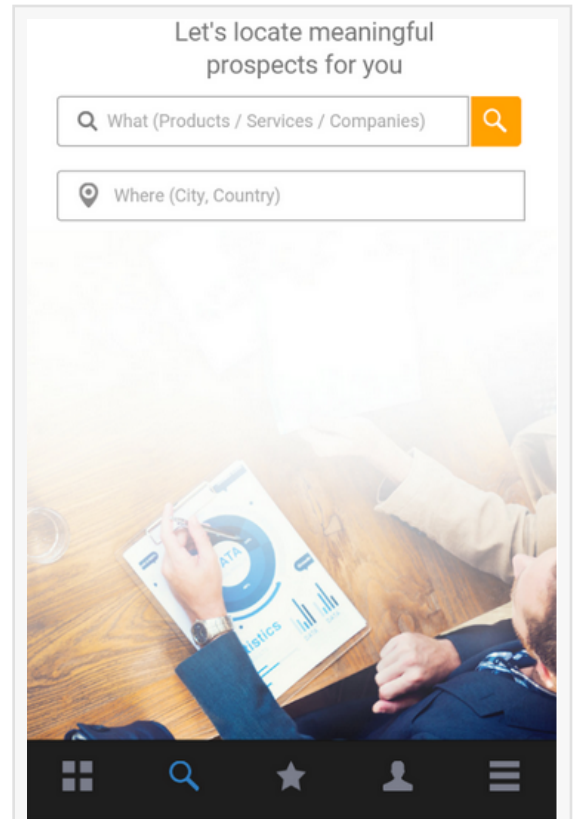

About BusinessVibes
