

Lyophilisation USA & Freeze Drying conference confirmed a success

Part 1 of the Global Lyophilisation Series took place last week in New Jersey. Part 2 entitled Lyophilisation Europe will be held this June in London, UK

LONDON, LONDON, UNITED KINGDOM, May 8, 2015

[/EINPresswire.com/](http://EINPresswire.com/) -- It was a pleasure to welcome so many pharmaceutical freeze drying professionals at Lyophilisation USA held in New Jersey last week and SMi Group are delighted to announce that the conference was a great success.

The primary goal of this event was to bring together Lyophilisation specialists from around the world under one roof to explore the latest cutting edge advances in the industry, and to develop possible strategies for future initiatives.

Following on from the well-received US show, part 2 of the Global Lyophilisation 2015 series, [Lyophilisation Europe](#), takes place on 29th & 30th June 2015 at the Holiday Inn Regents Park Hotel in London, UK.

Good practical relevance for industry"

Baxter

What's unique to Lyophilisation Europe?

- Keynote presentations from Baxter & Novo Nordisk will provide attendees with guidance for a successful scale.
- The European instalment will discuss strategies in

achieving continuous production through spray drying methods, whilst optimising formulations and benchmarking scale-up strategies. A bonus workshop with hands-on problem-solving case studies will also be included.

- The agenda will explore modelling and molecular simulation of crystal nucleation and its application for maintaining critical quality attributes in products

Featured Speakers include:

- Poul Bertelsen, Principal Scientist, Takeda – pre-conference interview available, [click here](#)

- Yves Mayeresse, Director Primary and Secondary Expertise, GSK
- Patrick Garidel, Head of Pharmaceutical Basic Development, Boehringer-Ingelheim
- Eunice Costa, Process Development Engineer, Hovione
- Sune Klint Andersen, Principal Scientist, Novo Nordisk A/S
- Michael Dekner, Innovation Manager, Baxter Bioscience
- Edith Lecomte-Norrand, GPS Innovation & Technology & Sciences Director, UCB BioPharm
