

# Sanofi, Takeda, GSK and IAG Cargo to present at Europe's Leading Clinical Trial Logistic 2015 Conference in London

*Smi announces their Clinical Trials Logistics Conference will be taking place in under 2 weeks' time on the 20th - 21st May 2015 in London.*

LONDON, UNITED KINGDOM, May 11, 2015

/EINPresswire.com/ -- Attending this [event](#) will enable delegates to be part of a truly global audience which features attendees from all over the world including Australia, Belgium, France, Germany, Spain, Sweden, Switzerland, United Kingdom and USA.

The demand for clinical trial supply and logistics has gone global with increased outsourcing, with a predicted forecast of \$14.3bn by 2017. The market demand has impacted supply chain management, [SMi's conference](#)

will enable attendees to engage with key opinion leaders as they discuss, assess and analyse supply chain security, temperature monitoring and reflect on the globalisation of clinical trial logistics.

Benefits of attending include:

Over 100 attendees representing world's leading Pharmaceutical and Biotech companies will meet in London to discuss the latest development in clinical trial supply and logistics. The 2 day event will feature informative, scientific and business development presentations including round table discussions, interactive workshops, networking sessions and ground breaking case studies addressing this rapidly growing global Supply chain market.

- BUILD AND ENHANCE the understanding of integrating temperature tracking at the site, analyse how data is coming into the system, review temperature monitoring of shipments, and the use of electronic labels
- ASSESS how to cut costs in clinical trial supply logistics with the INTERACTIVE ROUND TABLE DISCUSSIONS
- GAIN INSIGHTS from KOLs on how to maintain an efficient supply chain and hear CASE

STUDIES from leading pharmaceutical companies and CROs on planning and forecasting for clinical trials to ensure everyone is working together to build a robust partnership

- DEVELOP an understanding of the regulatory, GCP & GMP requirements to control the qualification and validation of products through their life cycle
- ASSESS the globalisation of clinical trial logistics and review how companies are maintaining their standards of quality in emerging countries with a PANEL DISCUSSION

Expert speaker panel for 2015 includes: Sylvie Noirault, Projects Head, Clinical Supplies, Sanofi; Beth Freeman, Senior Program Manager, Global Clinical Trial Supply Chain, Takeda; Tim Wood, Technical Services Manager, Investigational Material Supply, GSK R&D; Alan Dorling, Global Head – Pharmaceuticals & Life Sciences, IAG Cargo; Tony Wright, Managing Director, Exelsius Cold Chain Management; Vladimir Anisimov, Sr. Strategic Biostatistics Director, Predictive Analytics, Innovation, Quintiles; Tony Heeley, Director, Business Development CLS, Parexel; Sébastien Coppe, Head of Consulting Group, N-SIDE and many more.

Clinical Trial Logistics 2015 will feature 2 round table discussions on: How to integrate new technologies into IT-Systems for Clinical Logistics and Supply Chain Logistics led by Exelsius Cold Chain Management.

Cases studies from leading Pharmaceutical companies and CROs will include: Case Study 1 on Partnership in supporting clinical trials logistics from a pharma perspective, led by Takeda; Case study 2 on: Partnership in the clinical trials supply chain by Parexel and a Joint Case Study on: Global certification on how to meet challenges and requirements of the pharmaceutical industry, which will be led by IATA & SDV
