/EINPresswire.com/ -- Toronto, Canada:

Gong Publishing released on www.amazon.com and on www.gongnog.com

-LOST AMONG UTTERLY GORGEOUS HUMANS-
a social allegory in which the main character is a zoo - born chimp who undergoes a chip implant to his brain. In sophisticated communication with his "creators", the ape applies his outstanding skills to bring a critique to the social environment in which he acts and where he develops a huge demand for his well - intentioned animal art. The satire is biting, the situations are plentifully comical, and the social solutions give rest for thought. Several main topics are intertwined, bringing a fresh view to a desired future.
