

# Universal Design Specialists Announces Introduction of New Subway Tile Walk in Handicap Showers

*Universal Design Specialists is excited to announce that they are now offering the latest designs of subway tile handicap shower stalls from Best Bath Systems.*

SONOMA, CA, USA, May 11, 2015 /EINPresswire.com/ -- Universal Design Specialists is excited to announce that they are now offering the newest designs of [handicap shower stalls](#) from Best Bath Systems of Boise Idaho, one of largest manufacturers of quality US made barrier free showers in the country.

These latest additions of [handicap showers](#) to the already large offering currently available on their website at: [www.universaldesignspecialists.com](http://www.universaldesignspecialists.com), include the sharp looking subway tile pattern on the fiberglass gelcoat walls of the shower surround. The new models are also offered with the option to color accent each tile of choice or to choose from 253 possible color choices for the entire handicap walk in shower. They are available in a 60x32 and 60x36 size and the walls are compatible with any of the current 60x32 or 60x36 Best Bath shower pans. Traditional curbed shower pans in these two sizes which were not previously available in any of their walk in showers for seniors have also been added to the complete offering. The subway tile pattern has square corners where the side wall meets the back wall resulting in a more realistic tile appearance on gelcoat walls:

<http://www.universaldesignspecialists.com/showers/>. They are available to ship in only 3 business days with custom color accenting adding only 1-2 days to manufacturing time. Shipping time varies from 1-5 business days based on what part of the country it is shipping to.

All these walk in handicap showers are curb-free for easy roll in access and also include plywood backing on the walls, effectively eliminating the need to place solid backing in the walls before installation for added accessories. This forward thinking design allows for installation of grab bars, shower seats, faucets and other accessories where desired without the need for prior planning if adding a [handicapped shower](#) at a later date.

Every walk in shower offered always includes Free Shipping with lift gate service to commercial or residential locations in 48 States. In addition all handicapped shower enclosures include an industry leading 30 year warranty.

To see the variety of all the barrier free handicap walk in showers available please visit <http://www.universaldesignspecialists.com/walk-in-showers/> or call (800) 481-1808 for more information and technical assistance.
