

# The Nevada Mesothelioma Victims Center Is Now Urging A Diagnosed Victim In The Silver State To Call Them About Instant Access To The Nation's Best Lawyers- Don't Gamble With Compensation

*Nevada Mesothelioma Victims Center urges diagnosed victims to not gamble on their compensation and to call the for the nation's best lawyers*

WASHINGTON, DC, USA, May 29, 2015 /EINPresswire.com/ -- The Nevada Mesothelioma Victims Center is urging diagnosed victims in Los Vegas, Reno, Carson City, or any community in Nevada to call them anytime at 866-714-6466 in order to ensure they really do have instant access to the nation's best mesothelioma lawyers, because there is a direct relationship between the skill of the lawyer advancing a mesothelioma compensation claim, and the ultimate settlement the victim, or their family may receive.

The Nevada Mesothelioma Victims Center says, "We are urging individuals who have recently been diagnosed with mesothelioma in Nevada, or their family members to call us at 866-714-6466 so we can carefully explain why having one of the nation's best mesothelioma lawyers advancing their compensation claim is so incredibly vital. As we would also like to explain if a diagnosed victim, or their family retain the services of a less than qualified lawyer, or law firm the outcome could prove costly as in hundreds of thousands of dollars or more in lost compensation.

"We'd also like to explain that at least half of the diagnosed victims of mesothelioma we hear about in Los Vegas, Reno, Carson City, or Henderson were probably not exposed to asbestos in Nevada. In all likelihood they were exposed to asbestos while serving in the US Navy, or they were exposed to asbestos at a manufacturing, or industrial job in another state, and they moved to Nevada to retire.

"Regardless of where, or how the diagnosed victim of mesothelioma in Nevada was exposed to asbestos we are urging the person with this rare cancer, or their family to call us at 866-714-6466 so we can give them on the spot access to the nation's top mesothelioma lawyers are. Please don't gamble with mesothelioma compensation."

In addition to their focus on making certain all diagnosed victims get the best possible mesothelioma compensation

some of the best possible treatment facilities may be in California, or Utah as the Center would like to explain.

The Center is offering to help design a customized treatment options report for a diagnosed victim in Nevada if for no other reason than to give the diagnosed victim, and their family peace of mind that the victim really is getting the best possible care for this rare form of cancer caused by asbestos exposure.

According to the CDC the average age for a diagnosed victim of mesothelioma is 72 years old. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is a rare form of cancer that is attributable to exposure to asbestos.

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, based on the calls the Mesothelioma Victims Center receives a diagnosed victim of mesothelioma could live in any state including New York, Florida, California, Texas, Illinois, Ohio, Iowa, Indiana, Missouri, North Carolina, Kentucky, Tennessee, Georgia, Alabama, Oklahoma, Arkansas, Kansas, Nebraska, North Dakota, Wyoming, Nevada, Colorado, New Mexico, Utah, Arizona, Idaho, or Alaska.
