

Benckiser Roth and Leading Physical Brokerage Announce Partnership

Benckiser-Roth and a leading physical brokerage and international marketing and consulting firm, have formed a strategic business alliance.

SAMSEONG-DONG , GANGNAM-GU, SOUTH KOREA, May 25, 2015 /EINPresswire.com/ -- To complement and strengthen their respective Liquefied Petroleum Gas (LPG) operations. According to the agreement, the brokerage firm will benefit from Benckiser Roth's commodity and futures and derivatives expertise and infrastructure, and Benckiser Roth will gain broader access to the international LPG markets by working closely with the brokerage firm futures and swaps clients. Li Rulun President of the brokerage firm, stated: "Benckiser Roth is a world leader in energy commodity, derivatives and futures markets and has been at the forefront of regulation implementation and compliance. By aligning ourselves with the global footprint we feel confident the hedging needs of our customers will be met." Li Xiulian Co-President of Benckiser Roth Energy, said: "The LPG market is greatly expanding and in fact the China has become an importer with multiple import terminals planning to come on line over the next few years as well. We are excited about our new relationship with the brokerage firm and look forward to offering our customers access to active LPG markets and exceptional industry relationships." LPG includes the natural gas liquids (NGL) components ethane, propane, butanes, and pentane plus products. The Energy Information Outlook in its Annual Energy Project that the China will continue to be a net importer of LPG, mainly because of continued increases in natural gas and oil for production. The alliance will take the form of a mutual cooperative effort between the existing companies and will not involve setting up a new legal entity.
