POWAY, CALIFORNIA, UNITED STATES, May 22, 2015

/EINPresswire.com/ -- A Kickstarter has been created by a California writer to distribute in printed form a Sci-Fi Fantasy [adventure book series](#), Guardians Inc. ([www.guardiansinc.com](http://www.guardiansinc.com)), that has an already growing audience. With 180,000 free e-Book copies of the first book downloaded already, two more books in the series and a fourth currently being written, entitled 'Guardians Inc.: The Lost Columns' author Julian Rosado-Machain believes it's time to bring the series to brick and mortar stores.

“Most kids don't own a tablet,” says the author “so I want to give them something tangible that is still precious to me - the opportunity to smell the ink and feel the weight of each page as it turns and reveals something new, the feeling of opening a book and finding and living an adventure.”

With this funding, the first book in the series will be sent to print with a [newly designed cover](#) and the editing and formatting required for printing. Funding will also be used for advertising which will be put up in bookstores at point of sale.

“I have never approached literary agents or publishing houses.” Rosado commented. “But it might be time to think about that option.”

With hundreds of 5 star reviews, fans of the Guardians Inc. series heartily

compare it to staple favorites like [Percy Jackson and Harry Potter](#).

Guardians Inc.: The Cypher is free for download on all ebook-stores for a limited time. Angel investors helping fund The Guardians Inc. - The Cypher campaign to the next level will be eligible for rewards that are artistic, yet with branding that is discreet, such as T-shirts, briefcases, coins, tokens and all the books in the Guardians Inc. series.

The Guardians Inc. team understands not everyone may be able to give money to help the Guardians Inc. campaign, so they ask that those who cannot give monetarily help by spreading the word about The Guardians Inc. project online through social media such as Facebook, Twitter and Tumblr, Facebook or Instagram and invite friends to give to or share this Kickstarter fundraiser.
