

BluePay Adds New Hold Capability to Fraud Management Tools

BluePay is pleased to announce the release of its new on hold functionality to the suite of robust fraud management tools on the secure BluePay Gateway.

NAPERVILLE, IL, USA, May 26, 2015 /EINPresswire.com/ -- <u>BluePay</u>, a leading single-source credit card processor and online gateway provider, is pleased to announce the release of its new on hold functionality to the suite of robust fraud management tools on the secure BluePay Gateway.

This enhancement will allow transactions to be held for manual review if merchant-specified criteria are not met. Merchants will be able to review held transactions and then release or decline them within the BluePay Gateway. Any merchant using BluePay's fraud management tools will be able to utilize this new function.

"Although each merchant may have different reasons for using the on hold capability to review transactions, ultimately the main goal is to reduce fraud," commented Tim Trench, Executive Vice President of Product at BluePay. "We are committed to helping our merchants process payments safely and efficiently, and we continually look to enhance our gateway to offer the most secure and advanced payment technology solutions."

About BluePay: BluePay is a leading provider of technology-enabled payment processing for enterprise, small, and medium-sized businesses in the United States and Canada. Through physical POS, online, mobile interfaces, and software integration, BluePay processes business-to-consumer and business-to-business payments while providing real-time settlement, reporting, and reconciliation, along with robust security features such as tokenization and point-to-point encryption. BluePay is headquartered in Naperville, Illinois, with offices in Chicago, New York and Toronto. For more information, follow BluePay on Facebook, Google+, Twitter, and LinkedIn, or visit www.bluepay.com.
