The American Business Awards are considered the nation's preeminent business awards program. All organizations operating in the U.S.A. are eligible to submit nominations – public and private, for-profit and non-profit, large and small.

The American Business Awards will be presented at two awards events: the ABA's traditional banquet on Monday, June 22 in Chicago and the new product & technology awards event on Friday, September 11 in San Francisco.

Finalists were chosen by scores of business professionals nationwide during first-round judging in April and May.

Members of several specialized judging committees will determine Stevie Award placements from among the Finalists during final judging, to take place later this month.

"So many fascinating and inspiring stories of success were submitted to the ABAs this year," said Stevie Awards

president and founder Michael Gallagher. "We congratulate all of our 2015 Finalists on their achievements."

Details about The American Business Awards and the list of Finalists in all categories are available at www.StevieAwards.com/ABA.

CD2 Learning offers the only complete, cloud-based solution with LMS, CMS, built-in content authoring tools, gamification, and social collaboration capabilities. More information about CD2 Learning can be found at www.cd2learning.com.
