

# IT Governance's new mobile-friendly website offers access to cyber security resources

ELY, UK, June 2, 2015 /EINPresswire.com/ -- [IT Governance](#), the leading provider of cyber security and ISO 27001 expertise, has announced that its international website is now mobile-friendly, letting users experience the full breadth of the website from any mobile device.

Alan Calder, founder and executive chairman of IT Governance, says, "The IT Governance website is one of the most searched for by people looking for cyber security, IT governance, risk management and compliance resources. It's packed with useful information, tools, products and services that professionals look to access at various stages in their projects and careers.

"I am delighted that, thanks to the new responsive design, mobile users will now get the same experience as desktop users, making it easier for them to navigate through information pages and place orders."

The IT Governance website is an authoritative source of information on cyber resilience, data protection, PCI DSS, ISO 27001 and cyber security issues.

It offers a comprehensive library of free green papers, case studies and product demos.

The website also hosts IT Governance's [webshop](#) and showcases the company's highly regarded training courses, consultancy services and fixed-priced [ISO 27001 solutions](#), which can all be booked online.

Visit the IT Governance website at: [www.itgovernance.co.uk](http://www.itgovernance.co.uk).
