

Easy Soft To Showcase New Closing Disclosure Form Software At National Settlement Services Summit

Visit Easy Soft at the 2015 National Settlement Services Summit in Atlanta, Georgia, June 8-10 at the booth #12.

NORTH BRUNSWICK, NJ, USA, June 4, 2015 /EINPresswire.com/ -- [Easy Soft](#), used by thousands of real estate professionals nationwide for over 30 years, will be exhibiting and sponsoring at the 2015 National Settlement Services Summit (NS3) in Atlanta, Georgia, June 8-10, 2015. The event will be held at the Renaissance Atlanta Waverly Hotel. The National Settlement Services Summit is one of the biggest events in the title insurance, underwriting, lending and settlement services industry.

Topics range from understanding the new regulations and areas of responsibility to navigating the new transactions, developing best practices, and understanding regulatory risks. There will also be a strong focus on the potential relationship changes between lenders and their vendors, including title companies and settlement agents.

"Since this year's conference is so heavily focused on TRID and the CFPB real estate closing changes, it was a perfect venue to unveil our new TILA-RESPA compliant EasyCDF software," explained [Chris Stock](#), CEO of Easy Soft, Inc. (www.easysoft-usa.com).

On June 8, the summit opens with a TRID Technology Preview. Event attendees will get to see some of the loan documentation forms and settlement systems that have been adapted for TRID. For up close and personal examinations of these systems and for in-depth Q&A as it applies to a particular business, the Exhibition Hall is the place to go. Vendors will be on hand with the latest products designed to improve the real estate closing process.

A lot of software providers will be sharing their products and giving demos at NS3. Easy Soft will present and demonstrate their new [EasyCDF real estate closing system](#), which is currently available and ready for download or purchase at www.easycdf.com. EasyCDF is a 2015 TILA-RESPA compliant real estate closing suite that saves time and money by reducing closing time up to 80%.

"Expect to hear a lot of grumbling about the TRID changes at the summit. Many providers have put off the inevitable and are just now realizing this is really happening and they need to finalize (or develop) their implementation plan. Easy Soft is ready. The new EasyCDF gives users almost two months to get used to the program and remain compliant before the TRID changes take effect," said Stock.

Settlement agents and real estate attorneys who would like to see the software in action are encouraged to visit Easy Soft at booth number 12 during the summit.

To learn more about Easy Soft and EasyCDF, or to order the new 2015 TILA-RESPA compliant real estate closing software, visit Easy Soft at www.easysoft-usa.com.
