

# Mississippi Mesothelioma Victims Center Urges A Diagnosed Victim In Mississippi To Call Them About Treatment Options And Instant Access To The Nation's Most Experienced Lawyers

WASHINGTON, DC, USA, June 24, 2015 /EINPresswire.com/ -- The Mississippi Mesothelioma Victims Center is urging diagnosed victims in Mississippi, or their family members to call them anytime at 866-714-6466 for instant access to the nation's most experienced mesothelioma lawyers, and the best treatment centers in the state, and region.

The Center's big worry is all too often diagnosed victims in Mississippi sell themselves short by not getting the best treatment, or compensation for this rare form of cancer caused by asbestos exposure.

<http://Mississippi.MesotheliomaVictimsCenter.Com>

The Center says, "There are so many types of workplaces a diagnosed victim could have come into contact with asbestos in Mississippi it would be difficult to name them all but at the top of our list would be power plants, a oil refinery, a chemical plant, a cotton mill, a manufacturing facility, the maritime industry, in the construction industry, or while the person was serving in the US Navy.

“

As we would like to explain to the diagnosed victim, or their family the compensation for these types of people can be in the hundreds of thousands of dollars or more, but they need the best lawyers”

Victims Center*

"As we would like to explain to the diagnosed victim, or their family the compensation for these types of people can be in the hundreds of thousands of dollars or more, but it is vital they have one of the nation's best mesothelioma lawyers advancing their compensation claim, because without expertise in doing one of these claim's in most instances the victim, or their family will get shortchanged as we would like to explain." <http://Mississippi.MesotheliomaVictimsCenter.Com>

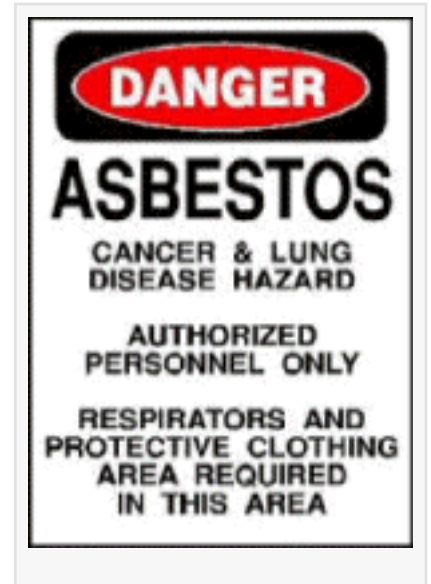

The Center is also offering to guide a victim in Mississippi to the state's, or region's best treatment option possibilities.

For the best possible mesothelioma treatment options in Mississippi the Mississippi Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital:

\* University of Mississippi Medical Center Jackson, Mississippi: <https://www.umc.edu/cancerinstitute/>

The Mississippi Mesothelioma Victims Center's initiative is a service available to any diagnosed victim of mesothelioma throughout Mississippi in every community such as Jackson, Gulfport, Southaven, Hattiesburg, Biloxi, and Tupelo.

High risk work groups for exposure to asbestos in Mississippi include Veterans of the US Navy, power plant workers, shipyard workers, oil refinery workers, factory workers, plumbers, electricians, auto mechanics, machinists, and construction workers. Typically the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. <http://Mississippi.MesotheliomaVictimsCenter.Com>

According to the CDC the average age for a diagnosed victim of mesothelioma is 72 years old. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is a rare form of cancer that is attributable to exposure to asbestos.

The Mesothelioma Victims Center says, "If you call us at 866-714-6466, we will see to it that you have instant access to the nation's most skilled mesothelioma attorneys, who consistently get the best possible financial compensation results for their clients." <http://Mississippi.MesotheliomaVictimsCenter.Com>

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.
