

Bonnie Prebula of Astrology Consultant Service to be Featured on CUTV News Radio

HONOLULU, HAWAII, USA, June 12, 2015 /EINPresswire.com/ -- There are no problems without solutions. The answers could be written in the stars!

Astrology, in its broadest sense, is the search for meaning in the sky. Bonnie Prebula is the founder of Astrology Consultant Service, where she interprets astrological forecasts to assist people in strategizing future decisions. As an international astrology consultant for over 35 years, Bonnie works with both individuals and businesses to reveal their strengths, warn them of their weaknesses and help them achieve their fullest potential.

"I like to be able to show what kind of potential this has and what kind of potential you have," says Bonnie.

Bonnie has an uncanny ability to "see" what is in store for you and your business. According to Bonnie, a company's inherent characteristics and how these characteristics interact with natal planets forecast a timeline for when they should begin certain business phases such as expanding or marketing. Bonnie will take the birth of the business, date of incorporation and the date the doors open to determine the optimal times for the company to begin each of these phases.

"It helps to know what's going on and how long it will go on and how to deal with it," says Bonnie.

Bonnie also serves as a consultant for businesses planning and a mentor for people in business using a combination of astrology and mind-science. According to Mind Science, our beliefs are our choice.

"One thing I do is I change a person's thinking. The key is to find out what their belief system is and approach it from that direction," says Bonnie. "I can tell what a person is creating for themselves by the way they speak. Often when they are implementing a business project and they keep saying 'will, will, will.' You have to bring it into the present. If we perceive of it as the future, we hold it out there."

One of Bonnie's recent clients, a local business in Honolulu, doubled its revenue, number of employees, inventory, and retail space within the last year.

"When I first started astrology at that time was very negative," says Bonnie. "I perceived that the

energies could be used more positively.
And that's what I do.”

CUTV News Radio will feature Bonnie Prebula in a three-part series of interviews with Jim Masters on June 16th, June 22nd and June 30th at 4pm EDT.
