

Emerging indie artist Bay Kapone, CEO of Boss Records Entertainment drops highly anticipated single "Three Sixty Five"

Hot New Single "Three Sixty Five" featuring Bay Kapone and Doe Banks

ANN ARBOR, MICHIGAN, UNITED STATES, June 12, 2015 /EINPresswire.com/ -- New emerging industry artist Bay Kapone has been creating quite a buzz for himself with his new hot single

Very hot song!!!

Malcolm Stephens

"365".(three sixty five) The duo started buzzing in July of 2012 when they caught the ear of Dj Fahrenheit formally dj for Young Jeezy and CTE. Bay Kapone and his label mate Doe Banks artist/singer entered a contest of Jeezy's label called "Making The Next Hit." The duo went on to become four of the final artists in the final round, which included the final contestants

to perform at the 2012 Bet hip hop awards show afterparty before a panel of celebrity judges and an brick autographing in The Tupac Amaru Shakur Memorial Garden in Atlanta, Georgia. Due to some legal matters and an unexpected arrest; artist Bay Kapone was facing in his hometown of Michigan caused the TeamBoss duo to be unavailable to make the event. The song has also led to several distribution offers with labels such as Interscope Records, Blue Pie Records of Australia, Universal Music Group and a mixtape offer with Def Jam Island Records. So far Bay Kapone and Doe Banks haven't officially signed or accepted any offers by the labels. With this day and age of the digital shift with digital downloads and streaming platforms as opposed to cd sales it opens the playing field for indie artists to have distribution worldwide just as a major label. The only difference here is resources and budgets, if an indie artist have enough resources and a big enough budget they too can operate and move through the industry just as a major label would. Whatever Bay Kapone decides to do we're sure he's on the way to success with this catchy tune. The melodic chorus of Doe Banks and Bay Kapone's smooth street lyrics over an RnB track makes this to be a sure fire hit! also be on the look out for his second single "Caviar Music" which is also blazing a trail for the artist, but we will keep that under wraps until the time is right. The single "Three Sixty Five" is available on nearly all major digital platforms for sale such as Itunes, Spotify, Rhapsody, Amazon and Google Play just to name a few. You can follow Bay Kapone on Twitter, Facebook, or Instagram @baykapone. We wish you much success and cheers on the new hit.
