According to the latest research carried out by online retailer QVC and institutional women's magazine Cosmopolitan, British ladies are brow obsessed. Perfectly groomed arches have become one of the biggest beauty priorities of the decade, with women spending over £2.3 billion a year on brow grooming. The search for the perfect 'power brow' has led to one third of ladies shaping their brows on a daily basis, and a huge 2.2 million individuals spending over £240 per year on lash maintenance. Yet despite the enduring obsession, over one fifth of women admit to finding it difficult to achieve the perfect look. VZ Hair and Glamour is putting an end to eyebrow bothers with the long-lasting Semi Permanent Eyebrow Extensions Enhancement Salon Kit.

Veronica Koppelman, founder of VZ Hair and Glamour said, "The power of the perfectly shaped eyebrow is becoming a seriously central beauty priority. It's evident in the fact that women are now spending more time and money on their arches than ever before. Inspired by modern day beauty icons such as Kate Middleton and Cara Delevigne, as well as classic style symbols such as Marilyn Monroe and Audrey Hepburn, our Semi Permanent Eyebrow Extensions Salon System has been designed to help ladies master the art of beautiful brows."

As well as helping style savvy women create beautiful brows, the 3D sculpting System is a godsend for anyone suffering the effects of sparse hair distribution, over plucking, medical hair loss conditions, hormone imbalances, menopause, scarring or ageing.

For salon owners, adding this comprehensive Semi Permanent Eyebrow Extension service to the beauty menu is a fantastic opportunity to boost sales.
