NAPERVILLE, IL, USA, June 24, 2015 /EINPresswire.com/ -- BluePay, a leading provider of secure and innovative payment solutions, is proud to announce that they are the recipient of the MasterCard Data Integrity Compliance Program Award for 2014. The award was presented on behalf of People's Card Services and MasterCard.

MasterCard introduced the Data Integrity Compliance Program Award in 2013, and grants the esteemed honor to member processors with the highest compliance percentage based on authorization and clearing results. To be eligible, processors must authorize and clear a certain number of transactions per month, as determined by MasterCard.

BluePay's dedication to accuracy in processing payments placed them in the top 5% of all current acquirers and processors in Canada, with respect to data integrity.

"We are extremely proud to accept this coveted award from MasterCard," commented Marcus Dagenais, President of BluePay Canada. "Our complete in-house processing capabilities, coupled with our direct connection to MasterCard, gives us control over the entire transaction lifecycle and consequently, full responsibility for our merchants' transaction compliance. Our entire development and support teams should be recognized for their successful commitment to this important business covenant of ours."
