

4Space Interior Design wins Luxury Lifestyle Award

4Space submitted seven designs for the panel's evaluation

DUBAI, DUBAI, UAE, June 25, 2015 /EINPresswire.com/ -- United Arab Emirates, Dubai, 25th June 2015 – [4Space](#) Interior Design, a Dubai-based architecture and interior design company, wins the coveted 2015 Luxury Lifestyle Award for Interior Design Studio Category “Luxury interior design Company of United Arab Emirates”, in a ceremony held recently at the Ritz Carlton Hotel, Dubai.

Luxury Lifestyle Awards is an international award granted to companies in the luxury sector for their initiatives and outstanding achievements. The

Award is won only by the best companies and brands of luxury after a thorough evaluation by a panel of experts including representatives from the luxury sector, business and media together with independent experts. Receiving the Award proves a company’s exceptional nature in the eyes of professional community.

“

The contributions of 4Space in the design sector is both timely and relevant. Dubai has a burgeoning luxury market which demands only the best designs from classic to iconoclastic.

4Space*

4Space submitted seven designs for the panel's evaluation, including the Palm Jumeirah Villa, Lamborghini Dubai Mall, Al Hamidieh Restaurant Boulevard, Jumeirah Private Villa, Yasmeen AlSham Restaurant Boulevard. The firm currently has 16 on-going projects under its concept creation, architecture design, interior design and project management services.

The official Gold Crown Award was received by Mr Firas Alsahen and Mr Amjad Hourieh, founders of 4Space interior design. Commenting on the award Mr Firas Alsahen said, “We are deeply honoured to receive this recognition from a

distinguished panel of experts from a highly esteemed organization. After 15 years in the business, we are still challenged by the possibilities of creating concrete impressions from a given space and environment. Our work is a conjuncture of our collective vision of fusing functionality, uniqueness and stylish elegance. We thank the organizers of Luxury Lifestyle Awards for this humbling distinction.”

Dubai has a burgeoning luxury market which demands only the best designs from classic to iconoclastic. The rising income and the influx of people from all over the world who come to Dubai for work or tourism prove a challenge for designers and builders to satisfy. There are likewise new laws and regulations which govern design and construction of new and existing properties across the country. Nonetheless the current state of the market also provides opportunity to turn the design and property industry into full fruition. With a massive investment channeled in the construction sector, the dynamism and creativity in the design sector are flourishing. ”

“With our current team of designers and visionaries, we could only promise to further explore opportunities in combining the concepts of sustainability and luxury, functionality and aesthetics, architectural vision and engineering challenges just to mention a few. We would like to see a 4Space design at every other property or location in the country. We envision our work to align with the world’s best”, Mr Alsahen added.

The Award is a fitting tribute to the perseverance, ingenuity, and commitment to quality of 4Space in delivering attractive, comprehensive environments with effective commercial purpose for its diverse clientele. The multi-talented team of 4Space delivers extensive practical knowledge, innovation and quality in design and architecture while advocating a humane approach. These qualities are reflected in the works of the firm in residential and commercial units in the Palm, JLT and in other iconic locations in the country.
