

# GSF Mortgage President Named Among 100 Most Influential Mortgage Executives For Second Year

BROOKFIELD, WISCONSIN, UNITED STATES, June 25, 2015 /EINPresswire.com/ -- [GSF Mortgage](#) is honored to announce that its president, Chad Jampedro, has been named among Mortgage Executive Magazine's 100 Most Influential Mortgage Executives for the second year in a row.

Mortgage Executive Magazine compiled the most comprehensive list of the nation's leading executives. They seek to recognize and celebrate the service, dedication and hard work that mortgage executives put into building their companies and servicing their employees and clients.

"It is a real honor to be included among the names listed here. A special thank you to Steven Marshall for bringing this list together each year. I must mention that the team here at GSF Mortgage does a great job of making me look good and easy to lead by being so awesome at everything they do.

I'm so proud of our group and it is a pleasure to come in and work beside them each day," says President Chad Jampedro.

Jampedro recently lead GSF Mortgage into its 20th year in business. He began his career with GSF in June 2001, when he was first hired as a loan originator in GSF's Illinois branch. Throughout the years, Jampedro has held several positions within GSF, working his way up the ranks. He spearheaded campaigns that allowed the company to win awards such as the 2014 and 2015 Journal Sentinel's Top Workplaces and Best In Class; Mortgage Executive's 50 Best Companies to Work For; Mortgage Technology's Top Tech-Savvy Lenders; Inc. Hire Power Award and the USDA Platinum Million Dollar Lender award. Under Jampedro's direction, GSF Mortgage obtained their Ginnie Mae ticket.

As a leader, Jampedro has played a significant role in enhancing the company's efficiency and structure. In 2004, Jampedro eased the transition of GSF Mortgage into a full-service Direct Residential Mortgage Lender. When the economic downturn distressed many mortgage companies,

Jampedro designed and implemented a new business strategy and assisted the company with adoption of several new regulatory protocols and embracing the changes in the market. Lastly, Jampedro initiated a technology-driven business model, cutting costs and streamlining the mortgage loan process for clients.

We are also pleased to announce that Jampedro has recently become an owner in the company.
