

Network with senior military representation responsible for armoured vehicles technology procurement

Future Armoured Vehicle Survivability 2015 will address recent industry developments to help you optimise armoured vehicle platform for maximum protection.

LONDON, ENGLAND, UNITED KINGDOM, July 6, 2015 /EINPresswire.com/ -- SMi's Future [Armoured Vehicles Survivability](#) 2015 will enable you to gain unrivalled insight into what leading defence nations and their selected OEMS are doing to enhance the safety and security of their troops, through the development of armour and blast protection solutions. This unique conference focuses on the collaboration between military and industry and invites not only capability and operational flag officers to share their lessons learnt from theatre, but also the lead engineers, chief scientists and technical directors from the vehicle manufacturers themselves,

who create the platforms and technologies at the heart of the [armoured vehicle](#).

Benefits of attending:

- Discover the latest cutting edge armour technologies to enhance vehicle platforms showcased by industry pioneers, including BAE Systems, General Dynamics Land Systems, Rheinmetall/KMW and Lockheed Martin
- Gain an insight into the work of internationally respected researchers and senior military representation leading procurement in Europe, including Spain, the UK, Denmark and the Netherlands
- Meet like-minded peers who are advancing both policy and strategy for the [future of armoured vehicles](#)

Speaker Panel include:

- Chairman: Mr Robert Shaw, Former Head of Counter IED Training, ISAF, NATO
- Major General Aguiar Santos, Mechanised Brigade Commander, Portuguese Army, Portugal
- Brigadier General Roberto Soria Martinez, Head of Land Systems, Spanish Army, Spain
- Brigadier Ben Barry, Senior Fellow Land Warfare, IISS, UK

SMi proudly presents...

**FUTURE ARMoured
VEHICLES SURVIVABILITY**

HOLIDAY INN, KENSINGTON FORUM
LONDON, UK

23RD - 24TH
NOVEMBER
2015

www.favsurvivability.com

The poster features a front-facing view of a tan-colored armoured vehicle, likely a Land Rover Defender, with a heavy-duty front bumper and multiple headlights. The background is a light blue and white geometric pattern. The SMi logo is in the top right corner.

- Colonel Egbert Teeuw, Head of Ground Based Weapons Systems, Netherlands Defence Materiel Organisation, Netherlands
- Mr Dan Lindell, Programme Manager CV 90, BAE Systems, Sweden
- Mr Stefan Lischka, Managing Director, ARTEC, KMW & Rheinmetall, Germany
- Mr Bryan Vaughan, Head of Materials, Lockheed Martin, UK
- Mr Eddie Allen, Head of Business Development, General Dynamics, UK
- Dr George McConnell, Technical Director, Thales, UK
- Professor Bryn James, Head of Armour & Protection, DSTL, UK
- Mr Ian Elgy, Capability Lead for Blast and IED Protection, DSTL, UK
- Mr Martin Hagstrom, Deputy Research Director CIEDS, FOI, Sweden
