

New information security book bridges the gap between IT and management

ELY , UK, July 1, 2015 /EINPresswire.com/ -- [IT Governance](#), the global provider of cyber security expertise, has announced that '[Information Security – A Practical Guide](#)' is now available from its e-commerce websites.

Published by IT Governance Publishing (ITGP), 'Information Security – A Practical Guide' provides an overview of basic information security practices that will enable security teams to better engage with their peers to address the threats facing the organisation as a whole.

Recognising the fact that information security affects the whole company and is a responsibility shared by all staff, 'Information Security – A Practical Guide' covers everything information security professionals need to know to develop and implement enterprise-wide information security processes. It provides advice on how to explain the basics of cyber security to management and others so that security risks can be appropriately addressed.

'Information Security – A Practical Guide' is available from IT Governance in multiple formats (including softcover, Adobe eBook, Kindle and ePub):

www.itgovernance.co.uk/shop/p-1701.aspx (International)

www.itgovernanceusa.com/shop/p-1472.aspx (USA)

www.itgovernance.eu/p-1126.aspx (EU)

www.itgovernance.asia/p-1057.aspx (Asia-Pacific)

www.itgovernance.in/p-1059.aspx (India and South Asia)

- Ends -

NOTES TO EDITORS:

IT Governance Ltd is the single-source provider of books, tools, training and consultancy for information security, IT governance, risk management and compliance. The company is a leading authority on cyber security and IT governance for business and the public sector. IT Governance is 'non-geek', approaching IT issues from a non-technology background and talking to management in its own language. The company's customer base spans Europe, the Americas, the Middle East, South Africa and Asia. More information is available at: www.itgovernance.co.uk.
