Resort management and hospitality specialist, Leisure Management Plus, affiliates with TATOC, the Timeshare Association

TATOC, The Timeshare Association (Timeshare Owners and Committees), has announced the successful affiliation of resort management company and hospitality consultants, Leisure Management Plus (LMP).

Headed up by industry veteran Stuart Humphreys with over 30 years' experience, and re-launched in early 2015, Leisure Management Plus offers a full range of management services for today's timeshare resort. These include resort management, rentals, in-house sales and marketing, accounts services, club administration and management charge collection.

“

We were delighted Stuart affiliated his company with TATOC. It's exciting to be able to work with a company that is headed-up by someone with such a distinguished track record in hospitality as Stuart

Harry Taylor

In addition to this, LMP's integrated group of hospitality consultants delivers quality consulting, management, quality assurance, travel and accounting services to a wide range of resorts, hotels and restaurants.

It is quickly becoming the go-to resource for expertise to help owners, operators and resort sales teams improve any aspect of their business operation and achieve optimum results.

“Simply explained, if you have a hospitality or service

business that you think could be better, LMP can help you make it better. With our resort management company and carefully selected specialists, we can provide extensive hands-on

knowledge and experience to all kinds of hospitality operations, sales and general management,” explained Humphreys.

With offices in the U.K., United States, Tenerife and mainland Spain, the team is focused on enhancing the reputation of the timeshare industry with its innovative ideas and approach, encouraging more people to take advantage of the timeshare product.

“Leisure Management Plus has affiliated with TATOC as it represents all that is good, right and properly done in the resort timeshare industry in Europe. This is consistent with the ethos and approach of Leisure Management Plus which has always upheld the highest standards of integrity and quality in the resorts we have been involved with as consultants, managing agents or advisors,” added Humphreys.

As a result of its affiliation with TATOC, Leisure Management Plus hopes to deliver quality, added-value services to European timeshare resorts, clubs, committee chairpersons, committee members, and club members.

Harry Taylor, TATOC’s executive chairman commented: “We were delighted when Stuart Humphreys attended the recent TATOC conference and states that he wished to affiliate his re-launched company with TATOC. It is exciting to be able to work with a company that is headed-up by someone with such a distinguished track record in hospitality as Stuart.”

The Timeshare Association (Timeshare Owners and Committees), known as TATOC, was formed 25 years ago and is the only elected consumer association representing the interests of timeshare owners and their HOA/committees in Europe.

The mission of TATOC is to safeguard and enhance the timeshare holiday experience for existing and prospective users and to be the voice of owners.

In recent years, TATOC has focused not only on increasing the membership base but also raising the profile of the association, establishing TATOC as the recognised voice of the timeshare consumer and an informed point of contact.

The not-for-profit association is now a regular, unbiased contributor to the consumer press and works closely with the U.K.’s Trading Standards offices, law enforcement, Citizen’s Advice Bureau, the CMA (formerly the OFT) and other authorities.

TATOC CEO Harry Taylor is regularly interviewed on national radio and features in the industry press.
