IT Governance hits a milestone in management systems documentation toolkits sales
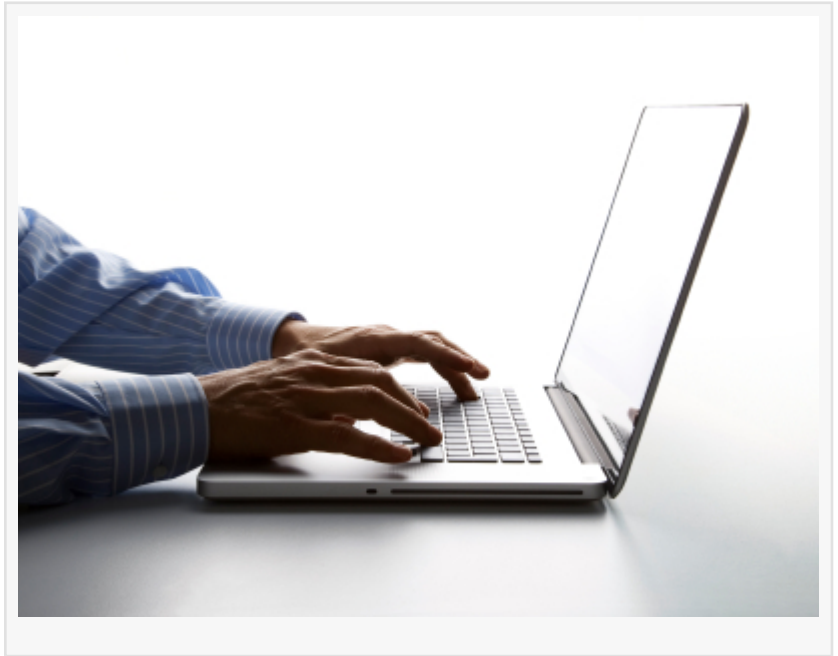

ELY , UK, July 7, 2015 /EINPresswire.com/ -- IT Governance, the global provider of cyber security, IT governance, risk management and compliance expertise, has announced that it has reached an important milestone in management system documentation toolkit sales. The company, which is best known for its ISO 27001 expertise, has sold over 3,750 documentation toolkits worldwide in the past ten years.

IT Governance's documentation toolkits provide customisable document templates developed by experts and are designed to save end users weeks or even months of work.

The most popular toolkits include:

- ISO 27001 Documentation Toolkit - www.itgovernance.co.uk/shop/p-1462.aspx
- PCI DSS Documentation Toolkit - www.itgovernance.co.uk/shop/p-1011.aspx
- DPA Compliance Toolkit and ITSM - www.itgovernance.co.uk/shop/p-513.aspx
- ITIL® and ISO/IEC 20000 Toolkit - www.itgovernance.co.uk/shop/p-872.aspx

Alan Calder, founder and executive chairman of IT Governance, says, "We are delighted to celebrate the success of our documentation toolkits. 3,750 is an impressive number, but what is more important to us is that our toolkits add real value to end users and organisations implementing management system standards."

Each documentation toolkit comprises a set of fit-for-purpose and field-tested customisable document templates that have been designed to meet the specific documentation requirements of a given management system.

The benefits of using the IT Governance documentation toolkits include:

• Save time
• Fully customisable
• Up-to-date content
• Affordable for any type or size of organisation
• Immediately available for download
• Meet all documentation requirements of the management system they have been developed for

• 12 months' support
