

# EMR Provider Microwize Technology Announces Medisoft Cloud

PARAMUS, NEW JERSEY, UNITED STATES, July 1, 2015 /

EINPresswire.com/ -- [Microwize](#) Technology - a Healthcare IT firm providing Electronic Medical Records and Medical Billing software and healthcare IT solutions - located in Paramus, New Jersey announces the release of Medisoft Cloud. With no upfront investments, access to a

knowledgeable support staff and low flat monthly prices starting at \$69 per month per user, physician practices can now have the most popular medical billing software in the cloud.

Medisoft Cloud by Microwize has features based on Medisoft version 20 which is ICD-10 ready and include: unlimited support, continuous upgrades and updates, backups, online training academy, disaster recovery, industries best practice consultations, user support groups and much more. With Medisoft Cloud by Microwize you will get best of the feature rich software and the flexibility of cloud computing while owning the license. Medisoft Cloud is HIPAA compliant, and includes an ICD-10 mapping utility which will make it a wise choice for practices looking to spend less time on administrative tasks. Convenient and powerful, Medisoft Cloud also offers a mobile patient intake form which is

“

Our goal is to help our users overcome healthcare challenges and regulations by providing top-notch products and service.

*Robert Gabriel*

another administrative time saver.

President and CEO of Microwize Technology, Robert Gabriel, commented, “Our goal is to help our users overcome healthcare challenges and regulations by providing top-notch products and service, and doing whatever it takes to help physicians stay independent and maintain their individual and small group practices.” Mr. Gabriel is a proud believer in using 100% American labor with no off-shore outsourcing.
