

Texas Mesothelioma Victims Center is now urging A Diagnosed Victim in Texas To Call them for instant access to the Nation's most experienced mesothelioma lawyers-For Better Compensation

WASHINGTON, DC, USA, July 29, 2015 /EINPresswire.com/ -- The Texas Mesothelioma Victims Center says, "There are some extremely qualified, and experienced mesothelioma lawyers in Texas, and if a diagnosed victim, or their family members are concerned about getting the best possible compensation we are hoping they will call us first at 866-714-6466 so they know exactly who to talk to.

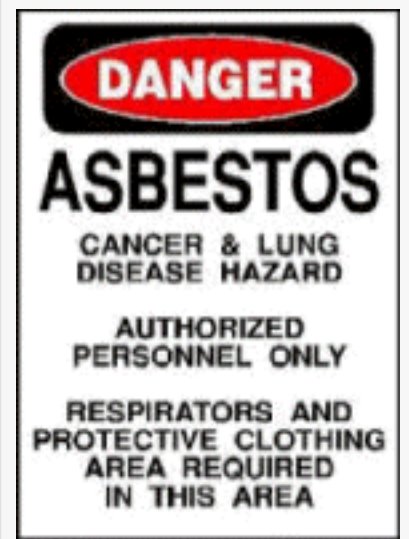

"The last thing we want to see a diagnosed victim of mesothelioma in Texas get shortchanged in the compensation process because the person with this rare form of cancer had no way to differentiate between the nation's most experienced mesothelioma lawyers, and a mesothelioma middleman marketing law firm pitching victims, or their family members about no lawyers needed, or get medical attention first before seeking compensation.

"This type of advice is incredibly shortsighted. In our opinion if the mesothelioma compensation process does not begin almost immediately after the diagnosis the victim, or their family will get shortchanged.

"Aside from having some of the nation's top mesothelioma lawyers, Texas literally has one could argue one of the nation's, if not the world's top treatment centers for this asbestos exposure form of cancer. We are referring to Houston's MD Anderson Cancer Center." <http://Texas.MesotheliomaVictimsCenter.Com>

For the best possible mesothelioma treatment options in Texas the Texas Mesothelioma Victims Center strongly recommends the following health care facilities with the offer to help a diagnosed victim, or their family get to the right physicians at each hospital.

* The MD Anderson Cancer Center in Houston may be one of the worlds top cancer treatment facilities for mesothelioma: <http://www.mdanderson.org/patient-and-cancer-information/cancer-information/cancer-types/mesothelioma/>

* University of Texas Southwest Medical Center/Harold C. Simmons Comprehensive Cancer Care Center Dallas, Texas:

The average age for a diagnosed victim of mesothelioma is 72 years old. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is a rare form of cancer that is attributable to exposure to asbestos.

The Texas Mesothelioma Victims Center says, "If you call us at 866-714-6466, we will see to it that you have instant access to the nation's most skilled mesothelioma attorneys, who consistently get the best possible financial compensation results for their clients.

"Before you hire a law firm, or lawyer to advance a mesothelioma compensation claim please call us first so we can tell you who we consider to be the nation's top mesothelioma lawyers in Texas. As we would like to explain skill, and experience matters when it comes to a lawyer representing a diagnosed victim of mesothelioma, or the victim's family."
