

Philip Dunne, Minister of State for Defence Procurement, UK MoD to provide opening address at Global MilSatCom 2015

SMi's 17th annual Global MilSatCom conference and exhibition will take place on the 3rd - 5th November 2015, London, UK

LONDON, UK, July 30, 2015 /EINPresswire.com/ -- SMi are delighted to announce Philip Dunne, Minister of State for Defence Procurement and Air Commodore John Philliban, Head Joint User of C4ISR, Joint Forces Command both of the UK Ministry of Defence have joined the 17th annual [Global MilSatCom](#) conference and exhibition to provide the opening ministerial and opening host nation address.

Dale Butler, SMi Group's Managing Director commented "This level of support from the UK's Ministry of Defence is fantastic news for a UK based SME like the SMi Group. Global MilSatCom has built a fantastic following over its 17 year history and is now recognised as the leading event

in Europe for satellite professionals. This level of involvement will attract even more interest and further establish Global MilSatCom as the industry's leading event. Once again we thank the UK MoD for their continued support".

The 17th annual event will feature the industry's most senior military representatives alongside leading [SatCom](#) solution providers and operators from across the globe. The three day conference agenda will include international presentations from the likes of: Polish Armed Forces, DGA France, Canadian Department of National Defence, US Air Force, United States Strategic Command, Bundeswehr, Royal Netherlands Army, Nigerian Navy, Philippine Navy, New Zealand Defence Force, MoD Japan, NATO Communications and Information Agency plus many more.

The SMi Group have introduced three new workshops to this year's event taking place on the 2nd November 2015. Workshop A will be hosted by Hosted Payload Alliance and will focus on 'Global Government Payload Exploration'. Workshop B discusses 'How Small Satellites Can Enhance Military Communications Whilst Maintaining Cost-Efficiency', hosted by Surrey Satellite Technologies and workshop C will be hosted by The Aerospace Corporation who will discuss 'Perspectives on Ground Systems'.
