

# Start Elevator Expands With The Acquisition of AI-An Elevator

*Start Elevator's acquisition of AI-An Elevator Maintenance Corporation will provide more efficient & effective service to a broader service area.*

BRONX, NY, USA, July 30, 2015 /EINPresswire.com/ -- [Start Elevator](#) and AI-An Elevator Maintenance Corporation are now working together to deliver responsive and effective elevator service throughout the tri-state area. The 2014 acquisition has expanded Start Elevator's reach and their service capabilities, adding AI-An Elevator's 35 years of experience to Start Elevator's 20 years of service in the elevator industry.

"This has been a great partnership and we are looking forward to future growth. Between [Start Elevator](#) and AI-An Elevator, we've been able to expand our service area and are able to provide our clients with quick and efficient service, getting elevators up and operational faster than ever before," said John O'Shea, owner of Start Elevator ([www.startelevator.com](http://www.startelevator.com)).

The acquisition is the latest move in Start Elevator's growth strategy and promises to allow Start Elevator to strengthen its presence in the tri-state area.

The newly expanded company provides elevator maintenance, repair, modernization, and construction in the New York & Tri State Area and are licensed to perform elevator inspections and clear violations. Cross-training and a hands-on approach to customer service allow management to oversee jobs performed by any of these five areas of service, directly impacting productivity, service quality, and customer satisfaction.

Expansion is nothing new for Start Elevator. In 2000, this family run business was awarded Bridges to Success, an award that recognizes the entrepreneurial spirit shown by significant business growth and fiscally sound expansion.
