

Mysterious Relics and Misty Islands Await in Haypi Adventure: Kingdom of Glory 1.5

Lord Dreams Come True with Haypi Adventure: Kingdom of Glory 1.5

SHANGHAI, SHANGHAI, CHINA, August 4, 2015 /EINPresswire.com/ -- Haypi Adventure: Kingdom of Glory 1.5 has hit the AppStore! Amazing new content makes the thrilling game even more fun! This strategic war MMO captured the attention after being placed in the "Featured" part of the AppStore in over 20 regions (Games> Simulation or Strategy> New). The game is super entertaining! There is a piece of land with the player's name on it. The Lords can live the dreams of gaining riches, leading brave heroes and powerful fleets, and even of dominating the world!

Haypi Adventure 1.5 has been released. The amazing Age of Discovery MMO comes to boast its new look. The major part of the interface was made cooler and nicer. The renewed looks bring more inspiration and enjoyment! A new 3D modeling method improves the gaming experience with more authentic scenes in Home Base. Better water animation makes the whole map in Open Waters looks prettier and more real. Besides, Ocean vision in Closed Waters is more natural after optimization. A newly added mist effect covers the territories when the

shield is gone. Territories in mist can only be attacked through using "Find a Target". With new looks, new features and new thrill, Haypi Adventure is a fun challenge for the Haypi fans.

The new 1.5 version of Haypi Adventure also shows off some new content. A spectacular new Relics system has been added. With this new feature, players can team up ally squads to uncover the mystery of the Relics. For encouragement, the player's territory would be protected through a special shield during the Relics combat. Some extra features have also been added to Haypi Adventure. A special gold reward would be given on top of getting bonus resources from 10 successful plunders. Besides, a new kind of crystal, called Turtle Ship Citrine (Viability) is on stage now. When this crystal

is embedded to a ship, it can hold longer before sinking. All the new features add new spiciness to the game.

The new Haypi Adventure 1.5 also has some new heroes on board. Six new heroes can now be recruited in the Tavern through the option "Buy Wine". What's more, two new and exclusive heroes have joined the Treasure Hunt! Besides, the loyal VIP players, who have reached VIP7, will get two exclusive heroes to join their team! After the new 1.5 version arrives, the VIPs will "meet" the heroes within 72 hours! In addition, items in VIP gifts have become significantly richer. So Haypi is really

taking care of the loyal players!

Some new adjustments in Haypi Adventure 1.5 add extra thrill to the gaming experience. To begin with, resources consumed in ship building have been reduced by a third (except for Zeppelin). The build time for Turtle Ship, Caravel and Breacher ships has been reduced by a third, too. The Bonus Resources from plunder rewards have been increased significantly, especially for lords Lv.33+. To increase the game balance, Cap of plundered resources for lords Lv.33+ is slightly lowered. For further improvement of the fairness of the game, Stone Mine's Capacity is reduced while their production rate stays unchanged. Now players can enjoy the experience of a well-balanced gameplay.

Haypi Adventure: Kingdom of Glory 1.5 has arrived in its entire splendor. The developer Haypi deeply appreciates the love and support of the fans. They inspire and lead the creative developer closer and closer to perfecting the gaming experience!

The war strategic game Haypi Adventure is free for download, available at the AppStore. In-app purchases are available. The game would be fun for anyone, who has the heart of a hero!
