

Online Career Advancement Establishes College Knowledge Literacy Month

August is dedicated as College Knowledge Literacy Month with the central theme of responsible attainment of knowledge.

NEW YORK, NEW YORK, UNITED STATES, August 8, 2015 /EINPresswire.com/ -- E-learning provider, [Online Career Advancement](#) recently began development of a new program, [College Knowledge Institute](#). College Knowledge Institute will provide a fundamental knowledge of associate of science degree level courses for about the cost of the average USA monthly cell phone bill.

As part of the effort to contribute to increasing the college knowledge level of people not participating in traditional programs, Online Career Advancement will enhance its focus on the College Knowledge Institute program during the month of August; which will be referred to as [College Knowledge Literacy Month](#).

Few would deny the importance of a

college education today; but many people who do not necessarily need a college degree, and others hoping to excel in an academic environment, career, business, or personal life, would benefit by attaining the college level knowledge offered by College Knowledge Institute. The world economy is based upon knowledge and information.

“

Education is the most powerful weapon which you can use to change the world.
Nelson Mandela

Knowledge Institute.

“We are developing College Knowledge Institute specifically for people who understand the

importance of taking personal responsibility for their own education. Some people just need the right opportunity and they will excel,” said Mark Robinson, Ph.D., senior administrator for Online Career Advancement programs.

College Knowledge Institute will offer college level courses covering the social, physical, and life sciences. The program will also provide certificates of achievement, program verification letters, and distribute CEU's to College Knowledge Institute students.

The primary mission of the College Knowledge Institute program is to instill in its participants the fact that even if you don't want or need a formal college education, attaining the knowledge will improve all aspects of your life. “College Knowledge Institute curricula will include numerous supplemental resources and references. A dedicated online learning management system used by thousands of colleges and universities around the world has been published to enhance the learning experience of our students.”

During College Knowledge Literacy Month, College Knowledge Institute will publish informative articles and free courses and extend opportunities for pre-registration discounts, community support, and partnerships.
