IT Governance certifies Inchcape Fleet Solutions to Cyber Essentials

ELY , UNITED KINGDOM, August 18, 2015
/EINPresswire.com/ -- IT Governance, the leading cyber
security services provider and CREST-accredited
certification body for the UK Government's Cyber Essentials
scheme, has certified Inchcape Fleet Solutions (IFS) to
Cyber Essentials.

Inchcape Fleet Solutions provides flexible fleet management
solutions to corporate, government and non-profit clients
throughout the UK. IFS adds the Cyber Essentials badge to
their existing ISO 27001 certification as part of their ongoing
commitment to offer the very best practices in information
security for their UK public sector clients.

Alan Calder, the founder and executive chairman of IT
Governance, says: "I am delighted to congratulate Inchcape
Fleet Solutions on their successful certification. By attaining the Cyber Essentials badge we hope it
demonstrates to IFS clients that they have a robust standard of cyber security in place for minimising
attacks and safeguarding client data."

Launched in early June 2014, the Cyber Essentials scheme is designed to improve the resilience of
UK businesses to cyber security threats, and provides verifiable certification of their robustness.

In order to achieve Cyber Essentials certification, companies are required to complete a self-
assessment questionnaire, which is signed off by a senior company representative and then verified
by an external certification body. An external vulnerability scan will also be required if the company
has chosen to be certified through a CREST-approved certification body like IT Governance.

IT Governance's Cyber Essentials Certification service is designed for organisations that do not
require help completing the self-assessment questionnaire and is available as a convenient online
service, helping organisations save time and money.

The IT Governance Cyber Essentials Certification service can be booked online at
www.itgovernance.co.uk/shop/p-1622.aspx.

Alternatively, organisations can call +44 (0)845 070 1750 or send an email to request a custom quote.
