

Registration Now Live for SMi's 8th annual Pre-Filled Syringes Conference and Exhibition

SMi Reports (20.08.2015): This industry meeting will gather 100+ senior pre-filled syringes leaders to discuss solutions to accelerate PFS development and more.

LONDON, ENGLAND, UNITED KINGDOM, August 21, 2015 /EINPresswire.com/ -- With the continual growth of biological drugs, the global market for pre-filled syringes is forecasted to rise to \$6.6bn by 2020, exceeding a CAGR of 10%*. Pharma and medical device manufacturers have been eager to tap into this lucrative market. Nonetheless, evolving regulations, syringe material selection and stability still remain key hurdles for PFS market participants to overcome.

With this, SMi Group is proud to announce the return of 8th Annual Pre-Filled Syringes [Conference and Exhibition](#), which will take place on 27-28 Jan 2016 in London. Registration is now

open for this highly anticipated event. This exclusive industry meeting will gather over 100 selected senior pre-filled syringes leaders to discuss solutions to accelerate PFS development and technology advancements, as well as how a more patient-centric designed PFS will enhance usability.

Confirmed speakers include:

- Stephen Barat, Executive Director, Non-Clinical & Translational Sciences, Safety Assessment & Bioanalysis, Allergan
- Alphons Fakler, Senior Packaging Expert, Novartis Pharma AG
- Jean-Rene Authelin, Global Head, Pharmaceutical Engineering, Sanofi R&D
- Valerie Fenster, Sr. Manager, Human Factor Engineering, Amgen
- Paul Kinsey, Product Leader – Visual Inspection & Leak Detection, GSK

Confirmed sponsors for this year's conference include: West Pharmaceutical Services, Nipro Europe, Noxilizer, Nemera. BD, Mitsubishi Gas Chemical Company, Inc., Medical Device Usability Ltd. Noxilizer's Vice President, Sales & Service, Stephen Morley said:

"The SMi Pre-Filled Syringes conference provides us with an ideal platform to educate and inform a focused audience about our unique nitrogen dioxide based sterilisation technology, ideally suited for sensitive biologics, pre-filled syringes and complex drug delivery devices. At the forthcoming London conference (27-28 January 2016), Noxilizer will present some new process features in this emerging application, sharing our experience with the participants. If you are active in this market, we would
