

# A NEW REAL-LIFE CHARACTER AMONG PRIVATE INVESTIGATORS IN THE CARIBBEAN

*Reality and fiction get intertwined as this P.I. recounts some of his most colorful cases.*

SAN JUAN, PUERTO RICO, PUERTO RICO, August 24, 2015

/EINPresswire.com/ -- Fernando

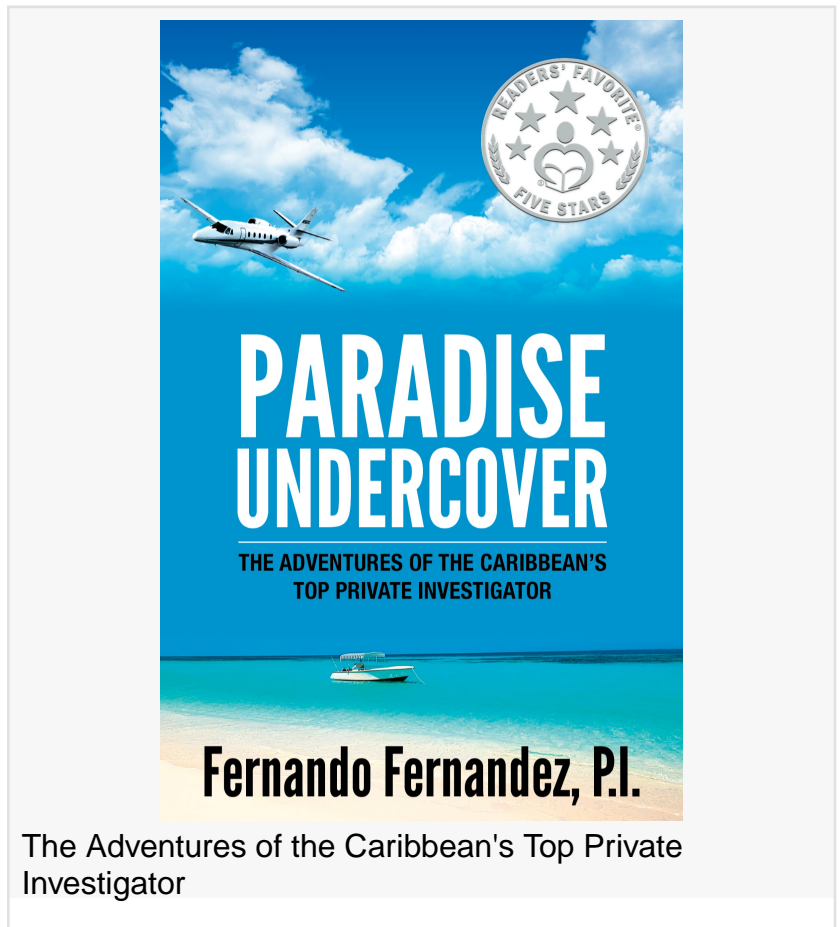

Fernandez has amassed a collection of rare, difficult and sometimes really funny cases throughout his career as a Private Investigator in the Caribbean. In this book, he recounts some of these cases adding a fictional twist here and there. The result is a fast-paced, witty and thoughtful collection of stories, all united by a recurring case: the unsolved murder of his father in law.

Family values, office relationships, friendships, ethics, and client dramas all play an important role in this tale of exciting, and sometimes dangerous times in the life of a P.I. Here you will find fraud, lies, murder and mayhem among the tropical beaches and breezy rain

forest of an idyllic Caribbean Paradise, the setting for all of Fernando Fernandez's adventures.

The book, [Paradise Undercover](#), is written in such a way that the reader will have a hard time figuring out what really happened, and what was added by the author's imagination. The collection of cases may seem to have been chosen at random, but throughout the book there is an underlying theme that binds everything together – the cold case of Fernandez's father-in-law's murder. The cases themselves set the stage for the development of the main character, from the moment he gets his first big international break, to the actual chronological stage of his father-in-laws murder case investigation as of March of 2015. His coworkers and family also get the spotlight as they play an intrinsic part in his motivations, and ultimate results.

"I believe P.I.'s don't get enough credit for the work they perform on criminal investigations, especially behind the scenes. In this book the reader will see how we help the authorities in the search for evidence, and how sometimes we even put our lives on the line to get the truth," said Fernandez, who has been in this line of business with his firm, Covert Intelligence, LLC, for more than 10 years.

Paradise Undercover was self-published by Fernando Fernandez and distributed worldwide as of May, 2015. The book is available in its printed version through [Amazon.com](http://Amazon.com) and local Puerto Rican bookstores.

About the author: [Fernando Fernández](#), PI, BAI, CCDI, CII, CAS is a Licensed Professional Investigator with over 10 years of experience in private and forensic investigations for private clients, attorneys and law enforcement cases in Puerto Rico, The Caribbean, and the US.
