

Vancouver's Sandman Hotel the Site for Abitibi Geophysics Presentation to the Mining Community

Executive Vice President Kevin Palmer to host Hospitality Suite at Vancouver's Sandman Hotel 3:30pm August 25th.

THUNDER BAY, ONTARIO, CANADA, August 25, 2015 /EINPresswire.com/ -- Abitibi Geophysics, world-leaders in ground and borehole geophysics are holding an information session on August 25th, 2015 at the Sandman Hotel, downtown Vancouver commencing at 3:30pm. Attendees can expect detailed information on the latest innovation from the Abitibi laboratories including information on UAV Mag technology - [AeroVision Mag](#), as well as information on [OreVision IP](#) and [I-Power 3D](#). Complete specification sheets and brochures will be available following this presentation.

Following this brief presentation, a hospitality drop-in will be offered from 3:30 to 6:30pm.

Those companies wishing to send representation for the presentation will be offered a demonstration survey on known mineralization on their property (certain conditions apply) This demonstration will show the capabilities of our survey technologies.

Participants interested in attending could email their confirmation to pberube@ageophysics.com or call 807 472 9977 to confirm.
