

Teguar Computers Named to Inc. 5000 Fastest-Growing Companies List

Teguar Computers Named to Inc. 5000 Fastest-Growing Companies List

CHARLOTTE, NORTH CAROLINA, USA, August 25, 2015 /EINPresswire.com/ -- Teguar Computers, a leading manufacturer of all-in-one industrial and medical grade computers, has been recognized for its continued growth by being named to Inc. magazine's list of the fastest-growing private companies in America. Teguar ranks #1781 on the exclusive 2015 Inc. 5000 list. This is Teguar's inaugural placement on the list.

Teguar CEO Jonathan Staub stated that the company's inclusion on the list validates that the Teguar approach, which has resulted in 253% growth during the past three years, will propel the company into even greater growth.

"We believe in producing the absolute highest-quality products and providing phenomenal service to our customers," said Staub. "When you factor in the reliability of our solutions with the personal touch, you can achieve the remarkable in an ultra-competitive landscape."

Teguar capitalizes on its unique position in the industry. With an array of cutting-edge computer solutions including slim panel PCs, fully enclosed waterproof touch computers, and fanless box computers, Teguar is positioned to expand its market share in both the industrial computer and medical computer industries and is currently working with several Fortune 500 companies on custom computer hardware solutions.

"The story of this year's Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," says Inc. President and Editor-In-Chief Eric Schurenberg. "You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don't achieve that kind of success by accident."

Teguar was founded in 2010 and quickly became known as one of the most trustworthy companies in its space. The company made the Inc. 5000 list in its first year of eligibility and also ranked No. 8 on the 2015 Top Computer Hardware companies list. In the Computer Hardware category, Teguar ranks first in the medical grade computer sector.

"Trust, reliability and accountability are of the utmost importance to us," said Staub. "It's who we are and how we operate. I firmly believe it's the primary reason we are represented on this prestigious list."

For more information about Teguar's industrial panel PC solutions (<http://teguar.com/industrial-panel-pcs.html>) or medical grade computers (<http://teguar.com/medical-pc.html>), contact Teguar sales team at Sales@teguar.com.
